The President

Declared that nominations were in order.

Mr. Hammett

Nominated Joseph L. Caven.

The President

Called Mr. Clark to the chair.

Mr. Quin

Moved that Joseph L. Caven be elected by acclamation.

Which was unanimously agreed to.

And Joseph L. Caven was declared unanimously elected President of Common Council for the ensuing term, when Mr. Matthews administered the oath of office to him.

The President

Then made the following address :

In again assuming the duties of President, through your kindness and confidence, I am not unmindful of the imperative demands of the hour for retrenchment, honesty, and economy in our City government. The nation, the State, the City, for a decade, enjoyed great prosperity ; prosperity begot extravagance, and extravagance recklessness ; and to-day the cities of America are struggling under debts that hang as millstones around their necks. Philadelphia has been no exception to the rule, for she is now carrying a debt that costs us in interest over five millions of dollars annually, equal to a tax rate of one dollar on the hundred. A portion of this debt, amounting to about \$11,000,000, known as the floating debt, consists of unpaid warrants. It

is with this debt and the annual expenses of the Departments that Councils are now more immediately concerned. It is their duty to reduce every annual appropriation to the minimum ; prevent extra appropriations, and fix the tax rate at an amount sufficient to cover all appropriations, and reduce, in some degree, at least, the floating debt.

An examination of the Controller's statements for 1876 and 1877 will show that in 1877 the expenses were covered, and the floating debt reduced some \$214,000. We start this year with the annual appropriations (as passed by Common Council), \$1,150,000 less than in 1877, and I am confident that the experience of 1878, with the appropriations so reduced, will demonstrate that they can be still further reduced without crippling a single department, or injuring in any manner the public service. As compared with the annual appropriations for 1876, the appropriations for 1878 are \$2,235,645.19 less, equal to a reduction of 40 cents on the tax rate.

Much has been said about funding the floating debt. Councils have no authority to do this, and I deem it both unwise and impracticable, so long as we are free, to create another. Let the Legislature enact a law so stringent that appropriations beyond the tax levy shall not only be impossible, but criminal ; then fund the debt, *the sooner the better*.

The completion of the New Public Buildings is a question that will come before the Councils of 1878. Some effort was made by the Councils of 1877, looking to an appropriation to continue the work, but nothing definite was agreed upon.

The City is now bound by a contract that will compel payment of over \$3,000,000. In addition it has been estimated that it will cost over a million dollars to finish the interior as high as the cornice. This will leave the towers, balcony, and upper story yet to finish at an estimated cost of between three and four millions of dollars, making a total cost of \$12,000,000.

If we add the floating to the funded debt, as I think we must under the Act of April 20, 1874, our limit of indebtedness, as permitted by Section 8 of Article 9 of the Constitution, is reached. We cannot, therefore, create a further loan to finish these buildings.

What, then, is the duty of Councils? Clearly to agree with the Commission, if possible, upon some plan based on definite information whereby a reasonable appropriation shall annually be made to proceed with the work, and mandamuses upon the City Treasury under the contract prevented.

I am quite confident that could the present Councils, through their proper committees, be brought in direct contact with the marble contractor and the architect, there would be no difficulty in arriving at an agreement that would materially reduce the cost of the internal finish of the building, and a fulfilment of the marble contract that would be equitable both to the contractor and the taxpayer.

The Municipal Commission having recently agreed upon a plan for the better government of cities, let us give their report a careful and candid examination. If it contains any recommendations that will lighten the burdens of the taxpayers, and give us a better system of government, we should assist in enacting such recommendations into laws.

As your President it shall be my duty in the future as in the past to act independently in the discharge of my duties; to assist all proper, oppose all improper legislation, and to co-operate with you in all your deliberations looking to the welfare of our City, and the good of her citizens."

Select Council informed Common Council that they had passed a resolution entitled "Resolution to appoint a Committee to wait upon the Mayor, to inform him that Councils are duly organized," and had appointed Messrs. Spering, King, and Armstrong, the Committee on the part of Select Council.

Mr. Clark

Moved to proceed to the nomination and election of a Clerk of Common Council for the ensuing term.

Which was agreed to.

The President

Declared nominations in order.

Mr. Clark

Nominated John Eckstein.

Mr. Hammett

Moved that John Eckstein be elected by acclamation.

Which was unanimously agreed to.

And John Eckstein was declared unanimously elected Clerk of Common Council for the ensuing term.

Mr. Hammett

Moved to proceed to the nomination and election of an Assistant Clerk of Common Council for the ensuing term.

Which was agreed to.

The President

Declared nominations in order.

Mr. Hammett

Nominated George W. Kochersperger.

Mr. Morgan

Moved that he be elected by acclamation.

Which was unanimously agreed to. ✓

And George W. Kochersperger was declared unanimously elected Assistant Clerk of Common Council for the ensuing term.

The Clerk and Assistant Clerk appeared before Clerk's desk, when the oath of office, as prescribed by the new Constitution, was administered to them.

Mr. Copeland

Moved to proceed to the nomination and election of two Messengers of Common Council.

Which was agreed to.

The President

Declared nominations in order.

Mr. Copeland

Nominated George W. Johnson.

Mr. Fox

Nominated Gavin Neilson.

Also,

Moved that they be elected by acclamation.

Which was unanimously agreed to.

And Geo. W. Johnson and Gavin Neilson were declared unanimously elected Messengers for the ensuing term.

George W. Johnson and Gavin Neilson appeared before the Clerk's desk, when the oath of office, as prescribed in the new Constitution, was administered to them.

Also,

Moved to amend the first and only resolution by striking out all after the word "Act," and inserting the words "to authorize the Board of Revision of Taxes of Cities of the first-class, to levy and fix the annual tax rate, and to establish a method for a proper ascertainment of the same, and to forbid the making of contracts or expenditure of money beyond the total amount of revenue raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same."

### AN ACT

To authorize the Board of Revision of Taxes of Cities of the first-class to levy and fix the annual tax rate, and to establish a method for a proper ascertainment of the same, and to forbid the making of contracts or expenditure of money beyond the total amount of revenue raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same.

SECTION 1. *Be it enacted by the Senate and House of Representatives, &c.,* That from and after the passage of this Act, it shall be the duty of the Councils of Cities of the first-class to make the annual appropriations to the different Departments, Boards, and Commissions of said Cities that may be necessary for the support and maintenance of the said Departments, Boards, and Commissions, for the fiscal year next beginning, on or before the first day of July in each and every year; *Provided*, That no appropriations shall be made other than those above-mentioned.

SECT. 2. And thereupon, it shall be the duty of the Board of Revision of Taxes in said Cities of the first-class to fix the

tax rate, on or before the first day of October following, in each and every year for the fiscal year commencing January 1st, next ensuing, so that the books of the Receiver of Taxes may be opened on the said first day of January, and the payment of taxes by the owners of property commence at that time.

SECT. 3. The said tax rate shall be ascertained and fixed by the said Board of Revision in the manner following: They shall estimate the average of the income annually derived by the said Cities from all sources other than taxation for the period of ten years immediately preceding the current year, and to the amount so found to be the average of income from such sources they shall add a sum which, together with the said average amounts, will make a total sum equal to the total of all the annual appropriations made as aforesaid, and shall thereupon fix and levy a tax rate sufficient, beyond all allowances for failure or deficiencies in the collection of said taxes so levied, to raise the said sum so ascertained to be required to be raised by taxation, the determination of the said allowances and deficiencies to be based on an estimate of the annual average and percentage of taxes actually collected during the ten (10) years immediately preceding the said current year; *Provided*, That the said Board of Revision shall discriminate in levying the taxes as not to impose upon the rural portions those expenses which belong exclusively to the built portions of said City, as now provided by law; *Provided*, Said Board of Revision shall fix such a tax rate, ascertained as aforesaid, as shall fully cover the annual appropriations made by Councils, with the amounts falling due for interest on the municipal debt, and the sums required by the various sinking funds.

SECT. 4. No Head of Department of Cities of the first-class, and no Commission, Board, or Trust exercising any powers of government therein, either in the making of contracts, the approval thereof, or in the authorization of the expenditure of the money in any manner whatever, shall hereafter draw, issue, or approve any warrant for any expenditure by such Department, Commission, Board, or Trust, unless an appropriation has previously been made in accordance with the provisions of the first section of this Act. And no war-

rant shall be drawn against any item in said appropriations in excess of said item, and any warrant issued in violation of the requirements of this Act shall be absolutely void, and any Head of Department, Board, Commission, or Trust issuing such warrant shall be guilty of a misdemeanor, and upon the conviction thereof, shall be fined a sum not exceeding five thousand (5,000) dollars and imprisoned for a term not exceeding three years, and be thereafter disqualified from holding any office or position of trust under the State or any county or municipality government thereof, and the countersigning of such warrant or warrants by the City Controller shall likewise constitute in such officer a misdemeanor, and shall subject him to like penalties as hereinbefore provided; *Provided*, That nothing contained in this Act shall be construed to relieve or exempt any officer or other person violating its provisions from liability to any other punishment or penalties now provided by law.

SECT. 5. That all Acts or parts of Acts inconsistent herewith are hereby repealed.

Mr. Quinn

Moved to amend the amendment by striking out the words in Section 1, "Provided that."

Which was agreed to.

Mr. Van Dusen

Moved to amend the amendment by striking out in Section 1, the words "First day of July," and inserting the words "Fifteenth day of October."

inserting after the word "trust" the words "or any other agent, officer, or employee thereof;" also inserting after word "hereafter" the words "make any contract without a previous appropriation has first been made by Councils;" also by inserting after the word "trust" in eighth line, the words "or any other agent, officer, or employee;" also by inserting after the word "any" the words "contract made or;" also by inserting after the word "void" the words "as against said Cities;" also by inserting after the word "trust" on thirteenth line the words "agent, officer, or employee;" also by striking out the word "such" and inserting the word "any;" also by inserting after words "City Controller" the words "contrary to the provisions of this Act."

Which was agreed to.

Mr. Faunce

Moved to insert between the words "employee" and "thereof" the words "of either or any."

Which was agreed to.

Mr. Caven

Moved to insert the following as section 4, and that sections 4 and 5 be made sections 5 and 6, viz. :

"SECT. 4. If said Councils of said cities shall fix the tax rate so that the amount of money to be actually realized from the said tax rate ascertained as aforesaid, together with the aforesaid average income from all sources other than taxation, shall be less than the aggregate appropriations so made by them, and the interest on the municipal debt and the sums required by the various sinking funds, then the said appropriations, other than the said interest and the sinking fund, shall be reduced by said Councils the percentage of said deficiency."

Which was agreed to.

Mr. Quin

Moved to amend the amendment by inserting at the end of section 1 the words: "And in the event of the said Coun-

cils failing to make said appropriations on or before the first day of July as aforesaid, then and in that event the appropriations for the coming year shall be the same as the current year."

Which was not agreed to.

Mr. Caven

Moved to amend the amendment by striking out the words between the word "Act" on second line and the words "Section 1," and inserting the following, viz.: To authorize Cities of the first-class to levy and fix the annual tax rate, to establish a method for a proper ascertainment thereof, and to regulate the appropriations and expenditure of the money raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same.

"An Act to authorize Cities of the first-class to levy and fix the annual tax rate, to establish a method for a proper ascertainment thereof, and to regulate the appropriations and expenditure of the money raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same."

Which was agreed to.

And the bill fell.

Mr. Clark

Presented the following reasons for his vote on the adoption of the above report:

I vote against the adoption of the report of the Committee of Conference, because I regard the reduction of five per

cent. on salaries of teachers as insufficient in the present embarrassed condition of the City finances.

JOHN A. CLARK.

Mr. Hammett

Submitted the following :

*March 28, 1878.*

The undersigned, members of the Committee of Conference on the part of Common Council, on the subject of the difference existing between Select and Common Councils, on the bill making an appropriation to the Board of Public Education, for the year 1878, desire to give my reason that controlled me in arriving at the conclusions contained in the report of the Committee, and the same reasons will govern my vote on agreeing to the adoption of the report. I exhausted every effort to induce the Committee on the part of Select Council to agree to recommend that Select Council recede from their amendments, and failing in that, I endeavored to secure concessions, which would make the increase over the appropriation as passed by Common Council as light as possible. In that I also failed, and with a view alone of harmonizing the difference, I agreed to meet the Select Council Committee half-way. I feel that I have acted with due fidelity to my principles, and with the best interest of the Public Schools and the City in full view, and submit my action to the candid judgment of my fellow-members and citizens generally, feeling assured of their approval.

THOS. M. HAMMETT.

I concur with the above,

T. W. MARCHMENT.

Mr. Iseminger

Submitted the following :

I vote nay because I think all salaries should be reduced 10 per cent.

ISEMINGER.

Mr. Matthews

Submitted the following :

Having uniformly voted for 10 per cent. reductions of all salaries in the municipal government, believing that the financial necessities of the City required it, and think the teachers ought to be reduced as well as all other employees, but rather than reopen the question and deprive the employees of the school department of their salaries any longer, I therefore vote yea.

EDWARD MATTHEWS,  
11th Ward.

Mr. McMullin

Submitted the following :

I vote no. I give my vote against the bill on the grounds, that the only poor men and women's salaries are reduced.

Mr. Page

Submitted the following :

I vote for the adoption of this report, because by the course therein recommended, these Councils will save \$216,556.90 to the City of Philadelphia over the estimates for the year 1878 presented by the Board of Education, and I cannot see how that result can be in anywise bettered by rejecting the report.

S. DAVIS PAGE.

28th March, 1878.

The hour of four o'clock having arrived, Council resumed second reading of resolution from Select Council, No. 10, entitled "Resolution of request to the General Assembly of the Commonwealth of Pennsylvania to pass an Act to limit the appropriations made by cities of the first-class, and prohibiting the making of contracts and drawing of warrants under certain contingencies," which had been made the special order for that hour.

The question being on the amendment as amended,

Mr. Wagner

Moved to amend the amendment by striking out the words in Section 1 "passage of this Act," and inserting "first day of January, 1879."

So Common Council concurred with amendments.

Mr. Lex

Moved to resume second reading of resolution from Select Council entitled “Resolution of request to the General As-

sembly of the Commonwealth to pass an Act to authorize cities of the first class, the debt of which now exceeds seven per centum upon the assessed value of taxable property therein, to increase the debt an additional two per centum on said valuation."

Which was agreed to.

The resolution was again read.

Mr. Bardsley

Moved to amend the first and only resolution by striking out all after the word "entitled," and inserting the following: "An Act to authorize cities of the first class to fund their present floating indebtedness, by creating a loan therefor, and to provide a sinking fund for the redemption of the same."

#### AN ACT

To authorize cities of the first class to fund their present floating indebtedness by creating a loan therefor, and to provide a sinking fund for the redemption of the same.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That the Councils of the cities of the first class be, and they are, hereby authorized to fund the floating indebtedness of said cities to the extent of ten millions (10,000,000) dollars, by the issue and sale at not less than par of a loan to that amount, in bonds or certificates of not less than twenty-five dollars each, at a rate of interest not exceeding five per centum per annum, payable semi-annually, in lawful money of the United States, which said loan shall not be subject to any taxation for State, County, Municipal, or other purposes, and shall be payable in thirty years from the date thereof in like lawful money. *Provided,* That the said loan shall not exceed two per centum upon the assessed value of the taxable property of said cities. *And provided further,* That the said cities shall, at or before the time of authorizing the said loan, provide for the collection of an annual tax sufficient to pay

the annual interest, and also the principal of said loan, within thirty years, by the creation of a sinking fund for the gradual extinguishment thereof.

Mr. Wagner

Moved to amend the amendment by inserting on sixth line, after the word "Cities," the following: "in the manner prescribed in the Act of Assembly entitled 'An Act dividing the Cities of this State into three classes, &c.,' approved May 23, 1874."

Which was agreed to.

Mr. Page

Moved to amend the amendment by striking out the words and figures "ten million (10,000,000) dollars," and inserting the words "two per cent. on the present assessed value of real property."

On agreeing to the motion,

The yeas and nays were required by Mr. Page, seconded by Mr. Fox, and were as follows:

YEAS—Messrs. Copeland, Fox, Herr, Kolb, Marchment, Moran, Page, and Womrath—8.

APPENDIX No. 6.

*Philadelphia, January 7, 1878.*

To the Common Council  
of the City of Philadelphia.

GENTLEMEN:—I herewith return without my approval “An Ordinance to regulate the hawking and vending of produce, wares, and merchandize on the highways and footways of the City of Philadelphia.”

My reasons for so doing are, that the seventh section of said ordinance would abolish those stands upon the streets, used by farmers and truckers for the sale of their products, which have been established for many years, to the convenience of the residents of the vicinities in which located, and supplying to those in moderate circumstances the necessities of life, from the producers, and at lower rates than they could otherwise be purchased. This section would particularly bear upon the market stands on South street and south Second street, and a majority of the residents, property owners, and business people of that section of the City have by protest, petition, and personal appeal solicited my veto of this measure, claiming that it would ruin the business interests of the locality, impair the value of real estate, and be oppressive upon the poorer classes, by depriving them of the opportunity of procuring provisions at moderate prices.

I have also been waited upon by delegations and received petitions in favor of the signing of the ordinance, but after a careful examination of all the views advanced, both for and against it, I am constrained to withhold my approval. Believing it to be for the best interests of the section of the City particularly affected, and in the present depressed condition of business, and suffering and distress among the poor, I am unwilling to lend my sanction to any measure which will tend to increase the same.

I therefore return the ordinance without my assent, and transmit herewith the several petitions presented to me, against and in favor of it, together with the opinion of Messrs. Chas. H. T. Collis and Robert N. Willson on the legal questions involved.

I am, respectfully,  
W. S. STOKLEY,  
Mayor.

### RESOLUTION

To adopt Joint Rules for the government of Select and Common Councils.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the Joint Rules governing the Select and Common Councils of the City of Philadelphia during the year 1877, be adopted to govern these Councils, with this addition :

RULE. That all securities entered by contractors or other persons, with the City of Philadelphia, before being approved by Councils, shall be referred to the Committee on Finance for examination and report, which Committee shall also see that all securities approved of, shall be entered of record in the proper office.

## APPENDIX No. 8.

*Philadelphia, January 7, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—On the 27th November, 1877, the undersigned, as President of the Commissioners for the Erection of the Public Buildings, and on their behalf, in accordance with the provisions of the Act, August 5, 1870, addressed a communication to the then Councils, of which a copy is hereto annexed marked "A."

The Commissioners having learned indirectly that this communication had been referred to the Committee on Finance, and by that Committee to a Sub-Committee, at their stated meeting, December 4, 1877, appointed a Committee to confer with said Sub-Committee of Finance. A communication, of which a copy is annexed marked "B," was immediately sent to the Chairman of that Sub-Committee.

At a subsequent early day the two Committees met for conference, and after consultation, a Sub-Committee from each was appointed to confer with Messrs. Struthers & Sons, the contractors, for the marble, and ascertain their views in reference to the prosecution of the work so far as they were concerned. The result will appear in papers hereto annexed marked "C" and "D," dated December 11, 1877. The minute marked "D," was accepted by the Sub-Committees and submitted at a meeting of the two Committees, held December 14, 1877.

A resolution was thereupon submitted of which a copy is annexed marked "E."

To this resolution an amendment was offered, a copy of which is annexed marked "F."

Mr. John Struthers, one of the firm of contractors for the marble, then submitted a statement, copy of which is hereto annexed marked "G."

Whereupon the further consideration of the matter was postponed to allow Struthers & Sons an opportunity to consult their counsel.

On the 19th December, 1877, Messrs. Struthers & Sons

sent to the undersigned as President of the Commissioners a communication, copy of which is hereto annexed marked "H," and of the opinion of Messrs. Struthers & Sons' counsel therewith enclosed, marked "I."

Copies of these papers were the same day sent to Wm. S. Reyburn, Esq., Chairman of the Sub-Committee of Finance, by the undersigned in a communication, copy of which is hereto annexed marked "J."

Since that date nothing further has been done, and inasmuch as a new organization of Councils takes place to-day, and all matters which were pending and undetermined before the former Councils fell with their adjournment, on Saturday, *sine die*, the undersigned respectfully submits the above communication in order that such action may be taken by your honorable bodies as you may deem expedient.

Very respectfully,

SAMUEL C. PERKINS,

*Pres't Comm'rs for Erection of Public Buildings.*

"A"

*Philadelphia, November 27, 1877.*

To the Select and Common Councils  
of the City of Philadelphia.

The Act of Assembly, approved August 5, 1870, to provide for the erection of the Public Buildings, enjoins that the "Commissioners shall make requisition on the Councils of said City prior to the first day of December in each year, for the amount of money required by them for the purposes of the Commission for the succeeding year." This injunction has been complied with annually heretofore since the Commission was created, and explanations, though not required by the terms of the Act, have invariably been added, so that Councils might understand the details for which the "amount of money required" was intended to be applied.

For the current year no appropriation whatever has been made by Councils for the purposes of the Commissioners, and the work has now reached such an advanced point as in

their judgment renders it expedient in making the "requisition," under the provision of the Act, for the "amount of money" required for the succeeding year, to lay before you fully the condition of affairs respecting the buildings, with the erection of which they are charged. The Legislature of the Commonwealth, by authority of whose enactment, as well the Municipal Corporation, of which Councils are a part, as the Commissioners, hold their existence, have intrusted to the Commissioners the performance of a certain duty. It is not necessary to discuss here the manner in which that duty has been thus far performed, nor the relations which exist between Councils and the Commissioners. These relations are not antagonistic; they exist by the will of the superior powers of the State, which created both bodies, and they exist for the accomplishment of a common object, which that superior power deemed alike necessary for the welfare of that portion of the inhabitants of the Commonwealth comprised within the limits of the City of Philadelphia. And for the accomplishment of a great work, necessarily extending through several years, and involving unity of design with a necessity of directness and harmony in the execution of that design, the Legislature have deemed it expedient, as they have done in many similar instances, to entrust the entire matter to a Commission not subject to the changes to which Councils are liable from year to year. What has thus far been done with the prospective effects as regards the further prosecution of the work towards final completion, may be determined from the following statement:

The Commissioners have always endeavored in their communications to Councils to give all necessary information; the records of the City Controller and of the City Treasurer have afforded the means of verifying the financial statements furnished from time to time, and the Commissioners have at all times held themselves ready to give the fullest explanation, with any additional information that might be requested. No request has ever been made upon them specifically, it is believed, for this purpose, beyond such verbal explanations as were asked by the Finance Committee of Councils, when the subject of the appropriation has been before them. The proceedings of the Commissioners have been public, and their records and accounts have been fully and accurately kept; there is nothing to conceal or to hold back.

A very large part of the construction of the new Public Buildings has been finished. The foundations for the entire structure have been laid, involving a large expenditure of labor, material, time, and money, the results of which, of necessity, do not exhibit themselves, in their tangible form, to the public eye. The basement story, twenty (20) feet high, with facings of cut granite, is completed, together with almost the whole of the first story, thirty-three (33) feet high. The exterior facing of this story is finished and set in place, of cut marble, and the facing of the court-yard of the same material, is complete, with the exception of the semi-circular projection from the northern side, with a very small portion of the cornice of the adjoining walls. The principal entrances, in the centres of the southern and western sides of the buildings, are complete in all their details, and the ceilings in place, and covered with temporary roofing for protection. The stone work of the principal entrance on the eastern side is finished, except a few minor details; but that for the principal entrance, on the northern side, has not yet been carried above the basement story. The dressed stone work for the staircase of the approach to the gallery of one of the proposed Council Chambers has been finished and set in place as far as the appropriations for the brick work have allowed, and the stone work for the staircase of the approach to the gallery of the other Chamber is now being set. The dressed stone work, so far as contracted for, is nearly finished and set in place for the retiring and conversation hall, adjacent to, and intermediate between both Council Chambers, from which the staircases are to lead up in the semi-circular projection on the northern side of the court yard to the room over the northern entrance, which is designated as the Governor's room. This room is intended for municipal and civic receptions, to be used upon those occasions when the corporate authorities of the City receive distinguished strangers and visiting bodies, and to be always at the service of the Chief Magistrate of the Commonwealth when public ceremonies or other necessities of State require his presence in its commercial metropolis.

One room, with its subordinate offices and ante-rooms, has been fitted up under the emergent and pressing resolution of Councils for the Supreme Court of the State, and was occu-

pied during the sessions of that branch of the government in this City at the last January term. No more elegant and convenient accommodations for the highest tribunal of the State are, it is believed, to be found. The court room is admitted to be admirably adapted for speaking and hearing, and in the important requisites of light and ventilation it has no superior. The conveniences for the judges and the bar are admitted to excel anything heretofore provided; and suitors and the general public have every reasonable facility in their attendance.

The Commissioners, in response to an intimation from Councils, were prepared to furnish and provide accommodations for the several departments of the City government early in the present year (1877), but the necessary action of your bodies was not had.

Notwithstanding the want of an appropriation for the current year, the Commissioners have availed themselves of such balances as remained unexpended from the appropriations of previous years to continue the work as far as possible, and to make preparations for its future exigencies. The architect, with his assistants, have been fully employed in elaborating and perfecting the plans and drawings for detailed execution, particularly with reference to the exterior finish. The contract for the exterior marble work comprises the whole of the finishing, dressing, and setting in place complete, all the marble of the exterior, both of the outward fronts and of the court yard, including the tower as high as the spring of the dome. This marble work has been set in place as high, upon an average, as about five (5) feet of the second story, with the exception of the semi-circular projection upon the northern side of the court yard and the immediately adjoining walls. Its further progress in setting has been prevented by the want of appropriations for furnishing the necessary bricks and brickwork for backing, and for the connecting walls with the iron beams, and other accessories requisite for the secure and safe carrying forward of the whole work. In the meantime the contractors for the marble have gone on with the furnishing, dressing, and delivery, until a large amount of material has been accumulated upon the space surrounding the building, and is the property of the City, ready to be set in place as soon as the necessary accessories

for the setting have been provided for by appropriations, in accordance with the Act of Assembly. This furnishing, dressing, and delivery of marble, can continue under the contract until the whole has been delivered, leaving only the setting to be attended to. And for this marble so furnished, dressed, and delivered, the Courts have decided that the City is liable.

The whole amount of the marble contract is, \$5,300,000 00

Of which the contractors have

already received in warrants,

some of which are not paid, \$1,721,100 23

The setting of the marble work,

which remains to be com-

pleted, will not exceed in

cost, probably, - - 500,000 00

---

2,221,100 23

Leaving due, and to become due to the con-

tractors, in furnishing and dressing alone, \$3,078,899 77 the whole of which will, under the decision of the Courts, have to be paid by the City, even if, owing to failure to provide the necessary appropriations for the accessories of brick-work, &c., not another stone of it is set in the building.

It must be obvious to the most obtuse mind, that since the expenditure of this money cannot be avoided, it will be better to have it expended gradually, in such a manner as to make the results practically effective as rapidly as possible, rather than to have it applied, in the first instance, to the accumulation of a mass of material which will take sometime to set in place after it has been furnished, to say nothing of the serious damage to which it will be exposed while being accumulated and piled up on the site.

Had there been any appropriation made by Councils under the requisition of the Commissioners, addressed to them under date of November 29, 1876; or had the Controller been authorized to countersign warrants for the Commissioners, to the amount of \$500,000, to enable the work on the buildings to be prosecuted, as requested in the communication to Councils, May 3, 1877, a large part of the marble which has been accumulating could have been set in place, and such progress made towards completion of the building, as would

have rendered it possible during the year just past (and the next year, had the work continued) to have provided accommodations for not a few of the departments and offices of the City government.

In January last, the Commissioners addressed a communication to Councils, of which a copy is hereto annexed, and which, with the correspondence with the Committees and Sub-Committees of Councils who had the subject under consideration, show that the Commissioners were ready and willing to do all in their power to put the buildings to immediate use. The expense of providing accommodations, in some measure temporary in their character, for several of the important departments of the City, would not have exceeded \$50,000. The work in the Architect's office has been since so much advanced during the current year, and in the direction of the interior details, that several of the departments could now be accommodated on very short notice, in the apartments designed for their permanent occupancy, and with the finish and fittings intended by the completed plans. The protection in the nature of roofing to these apartments, as well as the accessories to the approaches thereto, both exterior and interior, would of necessity be temporary in their character, and yet could be made so sufficiently secure and convenient as to afford no ground of apprehension or complaint. The great difficulty would be in arranging the heating apparatus, though it would be the truest economy, for many reasons, to have the permanent apparatus put in at once, even at what might seem a large present expenditure.

The suspension of the work during the present year has resulted in a damage to the material and work already provided and done upon the buildings, which cannot readily be estimated. The Commissioners have not had the means either to furnish brick or brickwork to continue the walls, or to provide proper protection against the effect of storms. The bricks and brickwork already in place have become, in the exposed situations on the tops of the walls and elsewhere, soaked with water to the depth of several courses, and when the severe frosts and snows of winter follow, the injurious effects can readily be imagined. Much of the fine dressed stonework of the interior of the principal entrances on the north and east, has been left exposed, owing to the absence

of means to have it properly protected. The injuries which must inevitably result from these causes are such as no prudent individual would expose any work to the liability of for any possible pecuniary compensation. In view of the very large extent of these buildings it is probable that \$50,000 in actual loss of material and work, which will require replacing, is not too high an estimate of the damage resulting from the inability, through want of means to conduct the structural work, at even a moderate rate of progression, or to cover it in while operations were suspended. And the City had better have expended \$100,000 than have exposed so large and important building to the risk of a damage, some of whose effects may not discover themselves for years to come, while a comparatively slight expenditure would have prevented the possibility of their occurrence. An expenditure of \$50,000 in the direction indicated would have been worth in practical result to the City at least \$100,000 or more.

The Controller, in his annual statement, has given an estimate of the liabilities of the Public Building Commission for 1878 as being \$818,856.05. But this amount does not include or in any way represent a dollar of money to be expended during the year 1878 for the prosecution of the work. The Controller, in May of the present year, informed the Commissioners that, under the advice of the City Solicitor, he had charged up against the appropriations to Public Building purposes the interest which had been paid on warrants drawn by the Commissioners, and in his statement he includes the "accrued and estimated interest on outstanding warrants." These charges of interest against the appropriations made for their use are matters with which the Commissioners have had nothing to do. They are not authorized by them, and do not appear upon their books or accounts. The Commissioners are of opinion that the charge of the interest which may accrue and be paid on their warrants against their appropriations is not in accordance with law, or the practice and custom of Councils.

The difference between "the amount of money required for the purposes of the Commission" in any one year, and the amounts necessary to be appropriated in the same year, has been repeatedly explained in the successive communications heretofore annually made to Councils, and full state-

ments have been given showing the exact exigencies of the case. These communications, which from time to time contained all the information necessary to show in detail the operations of the Commissioners, have not been printed in the Journals of Council, but as they are doubtless preserved upon the files of the Finance Committee, to whom they have been referred, they are of course accessible to Councils.

The Commissioners, inasmuch as they do not feel that any responsibility rests upon them for any part of the liability reported by the Controller's statement for 1878, consider that in making requisition under the Act of Assembly "for the amount of money required by them for the purposes of the Commission for the succeeding year," they need not refer to the liability so presented, but only state the amount of money which they will need to expend for the actual prosecution of the work during next year. The "purposes of the Commission," for which this accumulation of alleged liabilities has accrued, are "purposes" of former years, for which the necessary amount of money was duly asked upon requisition, and for which, in part at least, the necessary appropriations were made, but no money provided by Councils. The statement of the Controller is not sufficiently in detail to enable the Commissioners to determine whether the full amount as named is in their judgment properly charged against them.

The following statement shows the amount of money required.

*Salaries and Expenses.*

1. Architect, \$6,000 ; Assistants, \$4,500,	-	\$10,500
2. Superintendent and assistants,	-	6,500
3. Secretary and Clerk hire,	-	3,500
4. Messenger, -	-	750
5. Watchmen,	-	4,000
6. Legal expenses and fees,	-	2,500
7. Advertising,	-	1,000
8. Stationery, printing, and incidentals,	-	5,000

---

\$33,750

*Materials and Labor per estimate of Architect.*

9. Bricks and brickwork,	-	-	-	\$190,000
10. Blacksmith work,	-	-	-	1,500
11. Iron floor beams and girders,	-	-	-	104,000
12. Cast and wrought-iron work,	-	-	-	2,000
13. Carpenter work,	-	-	-	15,000
14. Labor,	-	-	-	10,000
15. Lumber,	-	-	-	6,500
16. Hardware and nails,	-	-	-	1,050
17. Painting,	-	-	-	600
18. Marble and marble work,	-	-	-	650,000
19. Dressed stone, inside finish,	-	-	-	188,000
20. Incidental materials and labor,	-	-	-	15,000
				<hr/>
				\$1,217,400

In addition to the above amount of money actually to be expended, the Commissioners require that the appropriation for dressed stone for inside finish be increased to \$265,000, so that they may make their contracts to extend over the work for two years, and secure better terms, as well as more uniformity and perfection in execution than if the contracts had to be made separately for each year.

The above estimate does not take into consideration the fitting up of any portion of the buildings for occupancy by City Departments and offices. Should this be deemed advisable, further and special provision will have to be made for the purpose.

Respectfully submitted on behalf of the Commissioners.

SAMUEL C. PERKINS,

*President.*

WILLIAM S. REYBURN, ESQ.,

Chairman Sub-Committee of Committee of Finance of Councils.

DEAR SIR:—At the stated meeting of the Commissioners for the Erection of the Public Buildings, held this evening, a Committee of five was appointed to meet and confer with the Committee of which you are Chairman. It is presumed that an early consideration of the matter is desirable for all interested, and I am instructed by the Committee of the Commission to advise you that they will be prepared to meet your Committee without delay, and to suggest the Office of the Commissioners at the buildings as the most appropriate and convenient place for meeting. If you will kindly let me know the time which will suit your Committee, I will have notices sent to the members of the Committee of which I am Chairman.

Very respectfully

WILLIAM S. REYBURN, ESQ.,

Chairman Sub Committee of Finance.

DEAR SIR:—Enclosed I submit on behalf of the Sub-Committee of the Building Commissioners, a minute of the result of the conference between the two Committees this morning. The Building Commission will be entirely satisfied if Councils shall take action to carry out the conclusions reached.

Very respectfully,

SAM. L. C. PERKINS,

## "D."

The Sub-Committee of Finance of Councils having met a Sub-Committee of the Public Buildings Commission to consider the report presented by the Commission to Councils November 28, 1877, it was stated on behalf of the Finance Committee that the financial condition of the City would not permit so large an expenditure out of taxation as was asked for. The Finance Committee have inquired as to the amount which would answer the purposes of the Commission for the ensuing year, looking to the completion of the building during the next following year up to and including the cornice of the second story, and roofing in the whole structure temporarily. They were informed by the Committee of the Building Commission that the estimated cost of finishing to cornice of the second story was \$1,757,200, and that if an appropriation of \$750,000 was made for the year 1878 it would be judiciously employed in putting the work already completed in a condition to preserve it from injury, and in setting the marble already finished and delivered, and getting the whole of the second story in a condition of forwardness which it was believed would enable the Commission to complete that story by the year 1879, and roof it in, for an additional million dollars; that if Councils would make such an appropriation for 1878 the Commission would be perfectly willing, and would agree that such directions and instructions should be given as to the furnishing of material and doing of the work under the marble contracts, that all liability of the City under that contract for 1878 should be limited to the proportion of said \$750,000, properly applicable to marble work and material, and that the total expenditure of the Commission during 1878 shall be confined within the limits of the \$750,000, it being understood that for the year 1879 it was expected that \$1,000,000 would be asked for and appropriated for the continuance of the work as indicated. The Buildings Commission further state that the sum named did not contemplate the fitting up of any of the rooms for occupancy by any of the departments, but that they would be ready to provide such accommodations from time to time as it might be considered by Councils desirable to make appropriations for, and that for the prosecution of the main structural portion of the building after the close of

1879, no doubt such arrangements could be made for an extension of the time for completion that the necessary funds could be obtained and appropriated without making it oppressively burdensome to the City."

---

"E."

*Resolved*, That this Sub-Committee will report to the Committee on Finance that they recommend an appropriation of \$750,000, with which sum to prosecute the work upon the Public Buildings during the year 1878; provided Messrs. Struthers & Sons will enter into a supplementary agreement with the Building Commission that they will not demand either in law or in equity, any sum beyond that which may be allotted to them by the Building Commission out of the said sum of \$750,000.

---

"F."

*And provided further*, That the Messrs. Struthers & Sons shall agree to suspend work under their contract upon that portion of the buildings above the cornice until such time as the City Councils appropriate further moneys to proceed with the work under said contract "

---

"G."

"We have always considered our contract with the Commission in a liberal spirit, and would never have mandamused the city had it been possible to avoid it. We were asked to go on with our work, and did so as far as we could under the circumstances. We are made by our contract, subject to the direction of the Building Commission, through the Architect and Superintendent; consequently any agreement with councils to relinquish our right of mandamus would render us powerless to collect compensation under the contract, for all material furnished and work performed by order of the Com-

mission. We, as citizens and tax payers, as well as contractors, and so far as is possible, with an honorable discharge of our obligations incurred on behalf of the Public Buildings, are ready to agree with the Commission to any measure for the relief of the City which will not impair our right as contractors."

DEAR SIR:—We have laid the proposition of the Sub-Committee of Councils before our counsel, David W. Sellers, Esq., and we beg leave to submit his opinion.

*December 18, 1877.*

GENTLEMEN:—I have considered the communication of December 14, 1877, to you, in which resolution of a Sub-Committee of Finance is mentioned containing two provisos, the last of which is in these words: "and provided further that the said Struthers & Sons shall agree to suspend the work under their contract upon the portion of the building above the cornice, until such a time as the Councils appropriate further moneys to proceed with the work under said contract."

The effect of such an agreement is the practical abrogation of the present contract, and I could not advise you to enter into such an agreement, except upon those just and equitable terms which shall govern in all cases of the revision of contracts.

The present agreement in terms obliges you in clause two to do all your work within six years from its date. You have provided without cost to the City, all scaffolding, hoisting apparatus, tools and implements, which are necessary for the prosecution of your work. You have had the capacity to have fulfilled your contracts as stipulated, and the loss of investment and interest thereon is now considerable, because of the insufficiency of the funds provided for the going on according to the contract. I therefore conceive, as the second proviso destroys the obligation of the contract, for all would then depend on the will of Councils, that if you enter into such an agreement, it should be by virtue of a covenant by the City that you be paid for the cost of your plant with interest from the time when the contract should have been completed, for the total amount of the work done by you up to the time of the stoppage, with such allowance of profit as the work done bears to the whole contracted for, said sum to be determined by the architect.

I cannot conceive how you can change your agreement as suggested in the second proviso, unless upon such conditions as I suggest, nor do I see how fairly disposed men can ask you to do so. Although I am impressed with your sincere desire to acquiesce in all of the action of Councils and the Commission ask of you, I do not think, unless you abandon all of your contract right, you can accede to the requirements asked of you.

Very truly yours,

DAVID W. SELLERS.

BOARD OF FIRE COMMISSIONERS,

*Philadelphia, January 16, 1878.*

To the Honorable Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Whereas, the Councils of the year 1877, failed to make the annual appropriation necessary for the

maintenance of the Fire Department of the City, and as in accordance with law, all City Departments are prohibited from making purchases without an appropriation having first been made, the Board would respectfully ask that your honorable bodies make arrangement whereby the Department can be kept in proper running order until the necessary appropriation for the year 1878 be made. Under existing circumstances the Commission is powerless, and it rests with you to make an enactment whereby food for the horses, and fuel for the working of the apparatus, and the use of the stations of the department can be procured, thereby keeping it in proper condition to protect the City from disastrous conflagration which may occur if no provisions are made to avert a calamity.

I respectfully refer to suggestions in former reports, and especially to a system for collection of taxes semi-annually; the partial completion of the Public Buildings to fit them for occupancy, and the completion, in part or whole, of the East Park Reservoirs; also, to the policy of the gradual liquidation of the floating debt, by placing under the control of the Commissioners of the Sinking Funds a specific sum per annum, or a percentage of the tax assessed to be applied to that purpose; this would, in a few years, by the diminishing of the principal and interest semi-annually, discharge the debt without being oppressive.

The general economy of the current year and its extent, is shown by comparison with former years.

## COMMONWEALTH OF PENNSYLVANIA,

*City of Philadelphia, ss.:*

On the fifteenth day of January, 1878, personally appeared before me, the subscriber, Mayor of the City of Philadelphia, Samuel P. Hancock, who being duly affirmed, doth depose and say that to the best of his knowledge and belief the foregoing statement of the finances of the said City of Philadelphia is just, correct, and true, having been carefully compared with the vouchers in the Controller's Department of the said city.

S. P. HANCOCK,  
*City Controller.*

Affirmed and subscribed before  
me, on the date above written.

Witness my hand and seal of  
the City of Philadelphia.

W. S. STOKLEY,  
*Mayor of Philadelphia.*

## APPENDIX No. 17.

## RESOLUTION

Of instruction to the Committee on Finance.

*Resolved by the Common Council of the City of Philadelphia,*  
That the report of the City Controller for the year 1877, be referred to the Committee on Finance, to examine and report what action, if any, on the part of the Councils of Philadelphia, is necessary to secure

1st. A more thorough collection of the taxes levied annually, and

2d. A more prompt application of the money received to the payment of the City's current expenses, and its over due indebtedness.

## APPENDIX No. 18.

*Philadelphia, January 24, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Joint Special Committee, appointed to confer with the “Commissioners for the Erection of Public Buildings,” in regard to the continuance of the erection of the said buildings, would respectfully report, that they had a conference on the 23d instant with a Committee of the Commission upon the subject under consideration. Their endeavor was to take up the negotiation at the point at which it closed last year, when it was in the hands of the Sub-committee of Finance. The progress made by that Sub-committee will be found set forth in Appendix No. 9 of the Common Council for the year 1878.

After a full discussion of the subject, your Committee arrived at the conclusion that it was manifestly for the public interest that the work should progress during the present year, and therefore report an ordinance appropriating the sum of five hundred thousand dollars out of general taxation, with which sum to prosecute the work upon the Public Buildings during the year 1878; *Provided*, Messrs. Struthers and Sons will enter into a supplementary agreement with the Building Commission, that they will not demand, either in law or equity, any sum beyond that which may be allotted to them by the Building Commission out of the said sum of five hundred thousand dollars. They therefore submit the annexed ordinance appropriating said sum of \$500,000, and recommend its passage.

JNO. A. CLARK, *Ch'n*,    EDWARD MATTHEWS,  
LOUIS WAGNER,        DAVID WALLACE,  
JOHN C. BICKEL, for report only.  
JOHN McCULLOUGH, for report only.  
JAS. R. GATES.

## AN ORDINANCE

To make an appropriation to the Commissioners for the Erection of the Public Buildings, for the prosecution of the work upon said buildings during the year 1878.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of five hundred thousand (500,000) dollars be, and the same is, hereby appropriated to the Commissioners for the Erection of the Public Buildings, for the prosecution of the work upon the said buildings during the year 1878: *Provided*, Messrs. Struthers & Sons will enter into a supplementary agreement with the Building Commission, that they will not demand, either in law or in equity, any sum beyond that which may be allotted to them by the Building Commission out of the said sum of five hundred thousand (500,000) dollars. And warrants shall be drawn by the Commissioners for the Erection of the Public Buildings in conformity with existing ordinances.

## APPENDIX No. 24.

*Philadelphia, January 24, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they attended a meeting of the Board of Health, held on Saturday, January 12, 1878, called in consequence of the annexed decision rendered in the Court of Common Pleas No. 1, in the case of John McCafferty *vs.* James Steel, *et al.*, relative to injunction in the Twenty-eighth District Street Cleaning and Garbage, and at said meeting resolved unanimously that the following award of contracts for the cleaning of streets and removal of garbage in the Twenty-eighth District (heretofore restrained by injunction), for three years from January 1, 1878, they being the lowest bidders, be concurred in and approved.

### *Street Cleaning.*

Serwazi & Anderson,        -        -        -        \$3,250 per annum.

### *Removal of Garbage.*

Philip Maier,        -        -        -        500 per annum.

Also, that they attended a meeting of the Board of Health held this day, Thursday, January 24, 1878, and at said

meeting resolved unanimously that the following award of the contract for the cleaning of the streets in the Thirteenth District, for three years, from January 1, 1878 (the same having been re-advertised after the lowest bidder in the previous award having declined to enter into contract in accordance therewith), he being the lowest bidder, be concurred in and approved.

Thirteenth District, John A. Oram, \$6,900 per annum.

And the Committee submit the annexed ordinance to make an appropriation for the Twenty-eighth District, and amend the ordinance so as to provide the change in the Thirteenth District, and recommend its passage.

LOUIS WAGNER, <i>Ch'n</i> ,	JOS. C. HERR,

ARTHUR THACHER,	GEO. A. SCHAFER,
T. W. MARCHMENT,	M. ROWLAND.

John McCafferty *vs.* James Steel et al., constituting the Board of Health.

ALLISON, P. J.—

The plaintiff charges that he is injured by a refusal of the Board of Health to award him contracts for cleaning the streets and taking up the garbage of the Twenty-eighth District. His proposal for the first was for \$6,316.66 $\frac{2}{3}$ , and for the latter it was in the sum of \$1,850. One N. H. Barrett interposes a rival claim to the contract for cleaning the same streets; he offers to perform the same service for \$3,300. He is not however, a party to these proceedings, and only appears as an affiant, disclosing a right which he asserts is superior to that of the plaintiff.

The controversy between the plaintiff and the Board of Health gives rise to a question of much importance, not only to that department of the city government, but to the taxpayers and citizens of Philadelphia in general. Its determination depends on the correct interpretation and a proper application of the act of Assembly of March 18, 1868, P. L., 397, the 6th section of the Act of the 23d day of May,

1874, P. L. 233, and that of the 5th section of the Act of Consolidation, P. L. of 1854, page 45.

The act of 1869 is entitled an Act supplementary to an Act consolidating the City of Philadelphia, relating to the cleansing of the streets of said City. It introduced a radical change in system under which the streets had up to that time been cleansed, and the refuse, garbage, etc., had been removed. It stripped the "Select and Common Councils, the Mayor, and Board of Select and Common Councils jointly and severally, and the Highway Department," of all powers with which they had been by law invested, relative to the cleansing of streets of the City, and placed all such power and authority in the hands of the Board of Health.

In the second section, it gives to the Board of Health full authority to make all necessary contracts to carry out the powers expressly granted in the first section; required them within twenty days after the passage of the Act to advertise for proposals; defined their essential requisites; made it necessary that they should only be opened after notice, in the presence of the Board of Health and of the Finance Committee of the City, or such of them as should see proper to be present. This is followed by a direction that the contract shall be given to the lowest and best bidder, subject to the approval of a majority of the Board of Health and such of the Finance Committee as may be present.

The remaining portions of the Act refer to the security which the persons to whom contracts might be awarded should enter; gives to the board power to deal summarily with defaulting contractors; directs in what manner payment for the work should be made, and how the money to meet such payments should be raised.

We have given this summary of the several features of the Act that its true meaning and purpose may be the more readily understood. It answers, we think, the attack which the necessities of the plaintiff's case required him to make upon it, or upon one or more of the essential portions of the law, comprehending, as he evidently does, the obstacle which it presents to the success of his motion for a special injunction.

It is impossible to recognize the binding effect of the Act of 1869 in all of its material features, and grant the prayer with which the bill closes, that the Board of Health be

enjoined from awarding contracts to any other person than the plaintiff to do the work covered by the proposals. The concluding clause of the second section of the Act provides that the contracts shall be awarded to the lowest and best bidder, to be approved by a majority of the Board of Health and by a majority of the Finance Committee who may be present. It was conceded that this has reference to the Finance Committee of Councils, and that there is no corresponding Committee of the Board of Health.

The affidavit of the chairman of the Finance Committee, read in opposition to the motion for the injunction, discloses the fact that he and two other members of the Committee attended the meetings of the Board of Health during the month of October, 1877, at which time the proposals for cleaning the streets were opened and considered; that the Committee not only refused to approve of the awards to the plaintiff, but unanimously recommended the Board of Health to readvertise for other bids. This action was reported to and approved by Councils.

We regard the refusal of the Finance Committee to consent to the award of the contract to the plaintiff as conclusive upon the motion for a special injunction, and as settling the question against the existence of a valid contract, under the resolution of the Board of Health, holding that the Act of 1869 is in full force in all of its parts. The argument that any portion of the law was merely provisional, we reject as fallacious, as not warranted by anything which appears on the face of the Act itself, and as not sustained by any consideration growing out of the circumstances under which the law was passed. What though it was revolutionary in its effects, overturning as it did the old and somewhat complicated system under which the streets had before that time been cleaned? It was a question for the Legislature alone, who possessed ample power over the subject, and having exercised that power the Act must be maintained in its integrity and as a whole, not in detached and isolated parts. There is no better reason for striking from the law the portion of the last clause of the second section, which gives to the Finance Committee a veto power over the award of contracts by the Board of Health, than there is for holding that any other feature or portion of the Act is not of binding effect. On the

contrary we regard this among the most important of several of its provisions, as intended to hold in check any abuse of power by the Board in making contracts which bind the City to an expenditure of large sums of money. The wisdom of this regulation is most manifest ; it is conservative, because it tends to an honest administration of an important trust ; it is wise, because its effect is to add to the permanency of the system ; it is reasonable, because the City is required to raise by taxation, annually, the money needed to give practical effect to the laws, and we think it may, with safety, be predicted that so long as the Finance Committee exercise vigilance and fidelity in the discharge of this important duty, the interest of the City and of the tax-payers will be protected where it so much needs protection, and that vigilance relaxed, and fidelity once abandoned, the system established by the law of 1869 will go down, under a pressure of public opinion that cannot be resisted.

By no substantial reason or sound argument has this demand that we shall eliminate this law, been supported, nor by any recognized canon of interpretation of statutes can it be maintained. We turn from this proposition to affirm that the veto power of the City, acting through its Finance Committee, is a valid, subsisting power, that cannot be explained anew, and which has sound reason and important considerations of public policy to support it. As to the Act itself, taken as a whole, we have only to remark that no limit is set to its duration ; it is to go into effect from and after its passage, and that it is to continue to exist until altered or repealed by the Legislature is clear, from the last clause of the sixth section, which directs the Mayor and Councils to provide for the expenses authorized by the Act in their respective annual tax levies.

It has been further argued that the Act of 1859, must be regarded as in effect repealed by the Act of May 23, 1874, the sixth section of which directs the Councils of Cities of the first-class forthwith to pass ordinances regulating the manner in which contracts shall be awarded to the lowest responsible bidder, for all kinds of work required to be done for said Cities. It is not a question whether Councils have obeyed the mandate of the law, and enacted the ordinances which they were empowered and commanded to enact im-

mediately upon the Act of 1874 going into effect. It is not pretended that they have done so, or that by ordinance they have supplied a system which in any manner or degree alters the regulations which are contained in the Act of 1869. Until the power is exercised under the Act of 1874, the Act of 1869 must be regarded as still in force. When such ordinances are enacted we have no doubt of the authority of Councils to embody therein a provision like that which is contained in the last clause of the second section of the Act of 1869. It was argued that this could not be done, because it would violate the provision of the fiftieth section of the Act of Consolidation, which says that no member of Councils, whether as a committee or otherwise, shall perform any executive duty whatever. In *Comley vs. the City*, 2 Phila. R., 194, this question came up for consideration. We sought to make clear in that case that an Act of this character was not in conflict with the requirements of the Act of 1854. It was there held that Councils, through their Committee, might designate the auctioneer to make sale of real estate of the City, without violating the section of the Act of 1854, which is here invoked against the authority of Councils, to confer upon its Committee a veto power over the award of contractors by the Board of Health. The distinction is taken between supervision of a Department and performing or executing work which each Department is required to perform. The Act says, "and through the Mayor and proper Committees, the Councils shall maintain a supervision of each Department," for the correction and exposure of all evils and abuses. What Act could fall more clearly within the granted power of supervision than to examine bids for work to be done; examine into their correctness and honesty, and if not satisfied with them to say: "We forbid." The correction of evils and abuses is best accomplished by crushing them in their inception, and such an act of supervision cannot properly be designated performing executive duty; if it is, it is the exception, which the Act of 1854 itself authorizes and requires to be done.

Motion for special injunction refused and the five days injunction dissolved.

## AN ORDINANCE

To make an appropriation to the Board of Health, to pay contractors for cleaning the streets and removal of garbage, in the Twenty-eighth District, and to amend an ordinance to make an appropriation to the Board Health for the year 1878

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of three thousand seven hundred and fifty (3,750) dollars be, and the same is, hereby appropriated to the Board of Health for the following purposes :

Item 1. To pay Serwazi & Anderson, contractors, for cleaning the streets and markets, and removing the ashes, dead animals, and garbage, from the Twenty-eighth District, three thousand two hundred and fifty (3,250) dollars.

Item 2. To pay Philip Maier, contractor, for the removal of kitchen garbage and offal, from the Twenty-eighth District, five hundred (500) dollars.

SECT. 2. That the ordinance entitled "An Ordinance to make an appropriation to the Board of Health, for the year 1878, be altered and amended as follows: By striking out in Item 53 the words and figures, "John Bickley, six thousand (6,000) dollars," and inserting the words and figures, "John A. Oram, six thousand nine hundred (6,900) dollars." Also, by striking out the words and figures, "One hundred and sixty-eight thousand one hundred and fifty-two (168,152) dollars and seventy-nine (79) cents," and inserting the words and figures "one hundred and sixty-nine thousand and fifty-two (169,052) dollars and seventy-nine (79) cents;" and by striking out the words and figures "Two hundred and seventy-three thousand one hundred and four (273,104) dollars," and inserting the words and figures "Two hundred and seventy-four thousand and four (274,004) dollars."

## APPENDIX No. 25.

*Philadelphia, January 24, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report, that they have considered “An Ordinance to require the City Controller to report all warrants countersigned by him and all mandamuses paid by the City Treasurer,” and report the same back and recommend its passage.

## APPENDIX No. 26.

*Philadelphia, January 24, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—The Committee on Finance respectfully report that they have considered the petition of Jason H. Sherman, agent and attorney for certain owners of property on Hart lane, to be paid damages to the amount of \$400.39, caused to their property by the construction of Hart Creek Sewer, or an abatement of the taxes against said properties in lieu thereof, and are of the opinion that the claim is a proper one for the Courts to determine. They therefore report the petition back with a negative recommendation, and request the passage of the annexed resolution.

ANNUAL REPORT OF THE TRUSTEES OF THE  
PHILADELPHIA GAS WORKS.

To the Select and Common Councils  
of the City of Philadelphia.

The Trustees of the Philadelphia Gas Works present the Forty-third Annual Report of their proceedings, and the statement of the financial condition of the Works under their control, and the results of the business carried on by them, for the year 1877.

Since the last Annual Report there has been expended

For Works,	-	-	-	-	\$625,238	59

account of mains and services,	-	-	-	-	21,378	37
						<hr/>
Leaving a balance of	-	-	-	-	\$854,676	55

The quantity of gas manufactured during the year 1877 was 2,110,677,000 cubic feet, being a decrease of 43,604,000 cubic feet from last year. The largest consumption in any twenty-four hours was on the night of the twenty-fourth of December, amounting to 9,319,000 cubic feet, being an increase over the largest of last year of 525,000 cubic feet.

The street mains laid during the year were 84,530 feet, making the entire length of the mains 690½ miles.

The whole number of lamps on the first of January of this year was 11,738, of which 11,260 were supplied with gas from these Works, and 478 with gas from the Northern Liberties Works.

The Cashier's Report, herewith submitted, shows that the loans created by Councils, from time to time, for the construction of works, their increase, and manufacturing capacity, the extension of mains, and for the purchase of other works, amounted to \$7,307,000.

The amount paid from the Sinking Funds for Loans 1, 2, 3, 4, 5, 6, 7, and 8, as they became due, was \$1,370,000, leaving in the Sinking Fund, in charge of the Trust, for the payment of Loan No. 9, \$1,565,504.37.

The amount of loans and cash in the hands of the Commissioners of the Sinking Funds of the City, for the redemption of Loans 10, 11, 12, 13, 14, 15, and 16, is \$1,499,137.31.

The amount of loans unpaid on the 31st of December, 1877, was \$6,000,000, from which deduct the amount of loans and cash in charge of the Trustees and Commissioners of the Sinking Fund, \$3,064,641.68, leaving a balance to be provided for amounting to \$2,935,358.32.

The amount of loans and cash in the hands of the City Treasurer, for the payment of \$450,000 City Loans, being the estimated value of the Spring Garden, Moyamensing, West Philadelphia, and Frankford Gas Works, is \$449,402.61.

For the purchase of the Southwark and Moyamensing, Germantown, Manayunk, and Richmond Gas Companies' stock, amounting to \$300,740.00, the Trustees have in the different Sinking Funds for the redemption of the same, \$178,913.76.

The nett profits of the Works during the past year were \$5,394.40, making the accumulated profits up to the end of the year 1877 \$3,068,338.15.

The profits this year are less than last, for the following reasons: The appropriation made by Councils for public lighting being \$140,000 less than the year 1876. The amount received for gas for two months of that year was \$2.30, and was reduced to \$2.15 for the balance of that year, making the receipts \$90,000 less than in 1876. The depression in trade and business has caused a falling off in the consumption of gas for private use alone, amounting to 96,000,000 cubic feet. The reduction in the price of coke and tar this year amounts to \$43,000.

The cost attending the rebuilding of the entire wharf at the Ninth Ward Works, the renewal of the retorts consequent upon the heavy consumption during the Centennial, and the compulsory removal of the lime kilns, by order of the Court, from the Ninth Ward Works to Point Breeze Works, thus adding largely to the expenses for the year.

During the past two years we have thoroughly tested two new processes for the manufacture of gas, viz.: The Spencer Process and the Lowe Process, both of which proved unsatisfactory to both consumers and the Trust, and have been dispensed with.

They here submit the average illuminating power of the gas made at the different Works under their charge during the year 1877, reported from tests made daily by Professor Robert E. Rogers, of the Jefferson Medical College, and Professor Lemuel Stephens, of the Girard College, the lowest average in every case being given.

## ENGINEER'S REPORT.

To the Trustees of the

Philadelphia Gas Works.

GENTLEMEN:—I respectfully present the Forty-third Annual Report of the condition of the Works, together with a detailed statement of their operations for the year 1877.

The total amount of gas made during the year was 2,110,677,000 cubic feet, this being a decrease in quantity, as compared with that made during the year 1876, of 43,604,000 cubic feet, making the total product of the Works since their erection, 26,292,304,000 cubic feet.

The amount manufactured at the different stations was as follows:

	Cubic feet.
Gas made at Twenty-sixth Ward Works.....	861,603,000
Gas made at Ninth Ward Works.....	1,002,617,000
Gas made at Fifteenth Ward Works.....	172,275,000
Gas made at Twenty-first Ward Works.....	74,182,000
Total.....	<u>2,110,677,000</u>

The maximum consumption of gas in twenty-four hours was 9,319,000 cubic feet, which occurred on the night of the 24th of December.

The maximum production of gas in twenty-four hours, was 7,954,000 cubic feet.

The annexed statement shows the quantity of materials used in the manufacture and purification of gas.

## STATEMENT.

The number of meters and service pipes introduced during the year has been:

In Wards comprised in limits of old City.....	177
In Spring Garden and Penn.....	1,229
In Moyamensing.....	478
In Southwark.....	181
In Richmond.....	89
In Kensington.....	314
In Twenty-first Ward.....	112
In Twenty-second Ward.....	138
In Twenty-third Ward.....	65
In Twenty-fourth and Twenty-seventh Wards.....	443
In all.....	<u>3,226</u>

Adding these to the total number before in use, makes the total number 92,727.

The applications for gas registered during the year have been—

At the Seventh street office.....	12,157
At the Spring Garden office.....	8,245
At the Twenty-first Ward office.....	535
At the Twenty-second Ward office.....	527
At the Twenty-third Ward office.....	482
At the Twenty-seventh Ward office.....	1,916
Total.....	<u>23,862</u>

Deducting removals and discontinuances, amounting to 20,546, shows an increase of 3,316, which, added to former number of consumers, makes the total number now on the books of the Trust, 93,759.

The lights added during the year were :—

In old City.....	8,925
In Spring Garden and Penn.....	26,747
In Southwark.....	1,812
In Moyamensing.....	5,303
In Richmond.....	1,110
In Kensington.....	4,775
In Twenty-first Ward.....	2,585
In Twenty-second Ward.....	1,989
In Twenty-third Ward.....	653
In Twenty-fourth and Twenty-seventh Wards.....	39,291
	<hr/>
	93,190
Less discontinued in Centennial Grounds.....	12,920
	<hr/>
	80,270
Previously in use.....	1,281,566
	<hr/>
Total .....	1,361,836
	<hr/>

There are now under the charge of the Trust 11,260 public lamps supplied with gas from these works, and 478 from the Northern Liberties Works, making a total of 11,738.

84,530 feet of street mains were laid during the year, making the entire length of mains belonging to the Trust 3,645,838 feet, or 690½ miles.

The new works in the Twenty-fifth Ward are completed, and ready for operation. One of the holders is finished, the other will be in about thirty days. The following is a brief description of the buildings and apparatus :

A coal store-house 333 feet by 108 feet, with a storage capacity of 15,000 tons.

A retort-house 318 feet 6 inches by 60 feet, in which is erected sixty benches of clay retorts, six retorts to the bench, giving a generating capacity of two million cubic feet of gas in twenty-four hours.

A condenser and washer-house 92 feet by 60 feet, containing one multitubular condenser 42 feet 10½ inches long, 5 feet 6¼ inches wide, and 15 feet 10 inches high, divided into fourteen sections, each section containing twenty-four 4 inch pipes.

One spray jet washer 42 feet 7½ inches long, 5 feet 2½ inches wide, and 12 feet high, divided into thirty-two sections, with water jets in each.

An engine and exhaustor-house 108 feet by 40 feet, containing two horizontal engines, cylinders 24 inches in diameter, 24 inch stroke, 40 horse power each, two of Mackenzies' rotary exhaustors, each of a capacity of 150,000 cubic feet per hour, with connections for two additional ones when required, together with all the necessary compensations, bye-passes, valves, gauges, shafting, &c., complete.

A boiler-house, 60 feet by 30 feet, containing two cylinder boilers 48 inches in diameter by 30 feet long, together with pumps and connections for supplying the works with water.

One double chamber lime-kiln, 22 feet by 36 feet, of a capacity of 800 bushels in twenty-four hours, together with connecting building 22 feet by 40 feet, for slaking and preparing lime for purifiers.

A purifying house, 140 feet by 60 feet, containing (two sets) eight dry lime purifying boxes 22 feet by 24 feet, by 3 feet 5 inches deep, arranged for seven tiers of lime, with all the centre valves and connections necessary.

A station meter-house, 170 feet by 40 feet, containing one station meter 14 feet in diameter by 14 feet long, with foundations for five additional meters of same size when required. The ends of this building are partitioned off and arranged for offices.

A valve and governor-house, 46 feet by 40 feet, containing the inlet and outlet valves connecting the works with the holders. Also a governor arranged to regulate the pressure at which the gas is distributed.

Two telescopic gas holders 140 feet in diameter, each section 35 feet high, with a capacity of one million cubic feet each.

A boiler-house, 14 feet by 22 feet, containing a vertical tubular boiler 4 feet in diameter by 11 feet high, to be used in the winter season for generating steam for holder tanks.

A tar well, 108 feet by 22 feet by 54 feet, over which is a one-story brick building of same size, to be used as a store-house.

The coal store-house is connected with the river by a substantial trestle work 1,100 feet long, on which is placed two

tracks for conveying the coal in cars from boats to storehouse. The coal is discharged from the boats by means of a steam hoisting apparatus of a capacity of 300 tons in ten working hours.

The buildings are all constructed of the best quality of Philadelphia hand-made bricks. The pipe connections throughout the works are of a sufficient size (ranging from 7 inch to 40 inch in diameter), and are placed in such a manner, with valves and branches so arranged that the works can be increased from time to time as required until they reach their full capacity (1,920 retorts) without any suspension of the operations of the works.

The following amount of materials was used in the construction and erection of the buildings and machinery: 5,765 piles, 18,444 perches of stone, 4,050,000 bricks, 1,227,000 feet of timber, and 3,187 gross tons of wrought and cast-iron.

In this connection it gives me great pleasure to bear testimony to the very able, efficient, and expeditious manner in which the contractors and various mechanics engaged in the work, discharged their several duties; also, to the untiring energy and mechanical skill displayed by the Superintendents, Mr. George Rice and Mr. John J. Thomas, the former acting for the contractor for the buildings, and the latter for this department.

The operations by the Lowe process at the Twenty-first Ward works have been discontinued; a rotary exhauster and engine combined have been put in operation at that station, by which the amount of gas required by the district, over the amount made there, is taken from the City works.

I believe there are now but two localities in the City, from which there are complaints of an insufficient supply of gas, viz.: the northwestern portion of the City, or the Twenty-eighth and Twenty-ninth Wards, and the upper end of the Twenty-second Ward, or Chestnut Hill; the difficulty in the former locality can be readily remedied by connecting the holders at Ninth and Diamond streets with the main recently laid on Ridge avenue; the latter district being so remote

from a storage station, it requires some careful consideration as to the best method for relief.

The tabular statements annexed, give the operations of the department in detail for the past and each preceding year.

It is with pleasure I again report, that the officers in my department have discharged their duties to my entire satisfaction.

Yours respectfully,

THOMAS R. BROWN,

*Engineer.*

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the places of voting in the several election divisions hereinafter mentioned, shall be changed and established as follows: Eighteenth Division of the First Ward, to southwest corner of Ninth and Pierce streets; Twenty sixth Division of the First Ward, to northwest corner of Fourth and Reed streets; Seventh Division of the Eighth Ward, to No. 1104 Locust street; Second Division of the Thirteenth Ward, to northwest corner of Franklin and Callowhill streets; Eighth Division of the Thirteenth Ward, to No. 918 Spring Garden street; Fourteenth Division of the Thirteenth Ward, to northwest corner of Seventh and Parrish streets; Sixteenth Division of the Thirteenth Ward, to No. 927 Brown street; Tenth Division of the Fifteenth Ward, to northeast corner of Nineteenth and Vineyard streets; Thirty second Division of the Fifteenth Ward, to southeast corner of Twenty-third and Hare streets; Twelfth Division of the Sixteenth Ward, to No. 1008 North Fourth street; Eighteenth Division of the Twentieth Ward, to northeast corner of Alder and Master streets; Fifteenth Division of the Twentieth Ward, to No. 620 Master street, and the Sixteenth Division of the Twenty-fifth Ward, to the southwest corner of Agate street and Ontario street.

## APPENDIX No. 43.

*Philadelphia, January 26, 1878.*

LOUIS WAGNER, ESQ.,

Chairman Finance Committee.

DEAR SIR:—At a meeting of the Night School Committee, held last evening, it was

*Resolved*, That the Chairman of the Committee be instructed to ask Councils to increase the amount of appropriation for Night Schools to forty thousand (40,000) dollars.

The reason for this request is this, there is due to teachers unpaid to January 1, three thousand (3,000) dollars; there was due from January 1 to 24, about fifteen thousand (15,000) dollars more; it will cost nearly one thousand (1,000) dollars to continue the schools up to next Tuesday evening, leaving the Committee between one thousand (1,000) and two thousand (2,000) dollars to start schools with next Winter, a sum, as you know, of no possible use to begin with. The present Committee have reduced the salaries of all Night School teachers 25 per cent., and have graded the principals' salaries so that those having small schools will not receive any more than their assistants. I am unable, at present, to give you the statistics of attendance, but as soon as possible will get them and communicate with the President of each branch of Councils as directed by the Committee. I trust you will consider the matter, and if the Committee on Finance deem it of importance to have Night Schools open next Winter, that they will make the necessary provision for their support.

Respectfully,

G. W. COX,

*Chairman Committee of Night Schools.*

## RESOLUTION

Requesting our Senators and Representatives to vote in favor of a Pipe Line Law.

*Resolved by the Select and Common Councils of the City of Philadelphia*, First, That in the judgment of said Councils, the Legislature should pass such a law as will enable the citizens of our State to build a pipe line to transport crude petroleum from the oil wells to this City; believing that if such pipe line is built, it will insure to us the refining and the shipment from this port of a much larger proportion of the oil produced than is at present refined here, or is now shipped from this port to foreign countries.

Second. That the Senators and Representatives from this City be, and they are, hereby respectfully requested to use all fair and honorable means to secure such legislation as will secure the building of a pipe line to transport crude oil from the Pennsylvania oil wells to this City.

## APPENDIX No. 45.

*Philadelphia, February 6, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying ordinance "To authorize the revision of lines and grades on Germantown avenue," beg leave to report, that the streets between Nicetown and Germantown were laid out at right angles to or parallel with Broad street, thus crossing the Reading railroad diagonally, making many triangular blocks and greatly increasing the cost of bridging the railroad crossings. To remedy this, Nicetown lane was, under ordinances of Councils, made the base of a new system for streets northward thereof, so that the railroad was crossed at right angles,

materially reducing the cost of bridging. To accommodate the travel thus thrown into Germantown avenue from all the streets leading north therefrom between Sixteenth and Twentieth streets, its width was increased to one hundred feet upon the plan. The paving is urgently needed, but is postponed until the street is opened to its lawful width; the ordinance now presented will admit of the street being paved within the present curb lines, while the width of the footways will remain open, subject to your future action.

#### MAYOR'S OFFICE,

*Philadelphia, February 7, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—I have the honor to inform you that, as Chief Magistrate of this City, I have received an invitation to attend the funeral services of the late Victor Emanuel,

King of Italy, at the Italian Church of Sta. Maria Maddalena dé Pazzi, on Saturday next.

King Victor Emanuel, during his eventful career which has just closed, casting a gloom over the entire country, did so much towards making his subjects free and independent people, thus bringing them in closer relationship to our own land of liberty, that I deem it eminently fitting your honorable bodies, representing the second city in this Republic, should take such action as in your judgment may seem appropriate to so solemn an occasion.

I am, very respectfully,

W. S. STOKLEY,  
*Mayor.*

 APPENDIX No. 53.

MAYOR'S OFFICE,

*Philadelphia, February 13, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—On the morning of Sunday, the 10th instant, the arches constituting the western approaches of the South street bridge gave way, and precipitated that portion of the

structure to the ground, leaving the pier supporting the arch which spanned the Junction Railroad, in a very dangerous condition.

The exigencies of the case demand that immediate action should be taken by you, enabling the proper officials to have those portions of the fallen bridge which endanger life, removed, and also to provide at once for the repair of the bridge, that travel thereon may not be unnecessarily interrupted.

From the nature of the ground and the difficulty in securing a solid foundation for the piers supporting the arches, it becomes a matter for your consideration whether the most lasting and economical method of renewal, would not be to fill up solidly to the grade of the bridge, leaving a single span to cover the railroad tracks, rather than to rebuild the fallen arches.

I would also suggest that some action be taken to employ the pauper labor at the Almshouse in wharfing the river front of the property, thus reclaiming the lands owned by the City in that locality.

I desire, also, to call your attention to the condition of the temporary bridge which at present crosses the river Schuylkill at Market street; in the opinion of competent engineers, it will not last over a year, and it therefore becomes necessary that preparations should be made at once for replacing it with a substantial stone structure of at least a hundred feet in width, as this will have to be used jointly by the City and the Pennsylvania Railroad Company. I deem it for the best interests of the City, that the necessary legislation be passed enabling that Company to construct the bridge, the City paying its proportionate share of the cost thereof.

Very respectfully,

WM. S. STOKLEY,  
*Mayor.*

## APPENDIX No. 54.

MAYOR'S OFFICE,

*Philadelphia, February 14, 1877.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—I herewith transmit a communication from Samuel L. Smedley, Chief Engineer and Surveyor, relative to the South Street Bridge.

Respectfully,

W. S. STOKLEY,

*Mayor.*

---

OFFICE OF THE CHIEF ENGINEER AND SURVEYOR,  
*Philadelphia, February 13, 1878.*

HON. WILLIAM S. STOKLEY,  
*Mayor of Philadelphia.*

SIR:—I beg leave to report, in reply to your inquiry as to the least expensive mode of rebuilding the west approach to South Street Bridge, that an earth embankment across the Almshouse meadows will be the least expensive, but it will be liable to settlement for many years to come.

A wooden trestle 400 feet in length would last long enough for this settlement to take place.

In addition to the sinking of two of the piers, the horizontal pressure of the stone arches has been so great as to force the west main abutment of the river span several inches into the river, notwithstanding its great size, resting on 517 piles.

There has been a marked tendency of the masonry towards the river, so that it would be unsafe to rebuild the stone arches, neither is it safe to let the earth rest against the main abutment, and it would be necessary, in case of the earth filling, to construct two adjoining fifty feet spans of iron girders.

The main abutment on the west side of the railroad, built

upon a platform which has settled, should be taken down to a firm foundation and rebuilt.

The earth filling, at 30 cents per yard, will cost	-	\$24,000
Trestling, - - - - -	-	6,000
Rebuilding abutment and piers, new engine, &c.,	-	36,000
Two iron spans to relieve main abutment from pressure of earth, and curbing Belgian pavement, &c., which will not be required for several years, when embankment becomes settled, - - -	-	34,000

There is in the debris a large quantity of valuable granite, drafted ashlar, coping, and paving stones, which might be recovered and used elsewhere.

Yours, very truly,

SAM'L L. SMEDLEY,

*Chief Engineer and Surveyor.*

### RESOLUTION

In relation to the expediency of opening Girard avenue between Richmond and Norris streets, in the City of Philadelphia.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That it is inexpedient that Girard avenue should be opened from Norris to Richmond streets, as the public interest does not now demand such opening.

### RESOLUTION

Protesting against the passage of House Bill No. 389, entitled "An Act defining the powers, and extending the duties of the Board of Revenue Commissioners.

*Whereas,* The said proposed Act of Assembly authorizes the State Board of Revenue Commissioners to go behind the

County returns of taxable personal property, and increase the amount thereof without any previous assessment, which power has been denied them by the Supreme Court.

*And whereas*, Said amount so increased is therein required absolutely to be paid out of the County Treasury.

*And whereas*, The annual deficiency thus created will have to be paid by increasing the tax on real estate to an uncertain amount, to be fixed from time to time by the State Board ; therefore

*Resolved by the Select and Common Councils of the City of Philadelphia*, That we hereby earnestly protest against the proposed indirect revival of State tax on real estate as burdensome and unjust and unequal and uncertain, whereby great damage will be done to our material interests.

*Resolved*, That the powers proposed to be given to the State Board are arbitrary in the extreme, and that by authorizing taxation without any previous assessment of the subjects thereof, all the usual safeguards against excessive and irregular impositions are destroyed.

*Resolved*, That our members of the Legislature be requested to vote against said proposed bill, and that copies of these resolutions be sent to the Legislature and to the Commissioners of the several Counties of the Commonwealth who are equally interested with the City of Philadelphia, in opposing the new burden upon real estate.

*Philadelphia, February 14, 1877.*

To the Committee on Finance.

The Sub Committee on Finance, to whom was referred a communication from the Board of Health asking that the appropriation to their Department be amended so far as the same relates to the cleaning of streets, removal of ashes, and removal of garbage, to enable them to pay for the same while the districts are not under contract, in consequence of the contractors failing to enter the required security, or the contract having been annulled, respectfully report that they conferred with the Board of Health relative to the subject, and find that they can get along if they are allowed per month one-twelfth of the appropriation for the district during the time the district is not under contract; the Committee therefore recommend the passage of the annexed ordinance respectfully submitted.

F. K. WOMRATH, <i>Ch'n</i> ,	THOMAS M. HAMMETT,
TIMOTHY MEALEY,	JOS. C. HERR.

### AN ORDINANCE

To provide for the cleaning of the streets, and the removal of ashes and garbage therefrom when the districts are not under contract.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the City Controller is hereby authorized and directed to countersign the warrants

drawn by the Board of Health against the amount appropriated for cleaning the streets of any district, or the removal of ashes and garbage therefrom, whenever such district is not under contract, by reason of the party or parties to whom a contract has been awarded fails to enter the required security, or when the contract has been annulled, by not less than a majority of the Board of Health. *Provided*, That the amount of said warrant shall not exceed for any one month the one-twelfth of the whole amount at which the contract had previously been awarded for the district.

## RESOLUTION

Of request to the General Assembly of the Commonwealth of Pennsylvania.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the General Assembly of this Commonwealth be requested to enact an Act requiring that hereafter no street, road, or alley, shall hereafter be opened or widened in any City of the first-class of this Commonwealth, unless such opening or widening shall have been previously directed

by ordinance duly passed by the Councils of such City, nor shall any such ordinance be passed unless the said street, road, or alley, shall have been previously placed upon the public plans of the said City in accordance with law.

That hereafter, no street, lane, or road, in any City of the first-class, shall be ordered to be opened or widened until a resolution of Councils therefor has first been presented to the Court of Quarter Sessions. That after a jury shall have ascertained the damages, the Councils of the said City shall then finally determine upon the question of opening or widening said street, and that after they shall have favorably considered such opening or widening, the award of the jury shall be presented to the Court of Quarter Sessions for approval.

## AN ORDINANCE

To authorize the construction of sewers on Tenth, Filbert, and Penn streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be, and is, hereby authorized to construct the following sewers, viz.: On Tenth street, from Thompson street to the north curb line of Girard avenue; on Filbert street, connecting with the sewer at Twentieth street, and extending eastward to Nineteenth street, and on Penn street, from Wingohocking Creek to Chew street; each with an inside diameter of three feet. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders, and it shall be a condition of the contracts that the contractor shall keep the said sewers and that portion of the street along which the said sewers shall be laid, in good order and repair for three years from and after the date of the completion of the said sewers, and shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto approved February 16, 1869; any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1878; *Provided*, Said excess does not exceed the sum of twelve hundred dollars (\$1,200).

## COMMISSIONERS OF FIRE DEPARTMENT.

*Philadelphia, February 28, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—At a meeting of the Board of Commissioners of the Fire Department, held on Tuesday, 26th inst., the following was adopted, and is respectfully submitted for approval :

That the proposal of Eldridge & Stewart, to erect a house in which to locate Truck Company C, on their lot at the northwest corner of Philip and Diamond streets, and lease the same to the City at an annual rental of eight hundred and fifty (850) dollars, be accepted.

Yours, &c.,

JNO. R. CANTLIN,

*Secretary.*

## APPENDIX No. 74.

*Philadelphia, February 27, 1878.*

HON. WILLIAM S. STOKLEY :

DEAR SIR :—At your request I have made the examination as to the best method of drainage for the present at the police station, on the south side of Lombard street, east of Eighth street, and find that it would be best to lay a 12-inch vitrified drain-pipe on the line of Eighth street and Lombard street, commencing at the sewer at Eighth and Pine street, and extending southward to Lombard street ; thence eastward to the station-house. This plan will give depth sufficient to drain the wells in front of the station-house, and prevent the overflow into the basement of the same.

I find it would not do to lay a brick sewer on the line of Eighth street, as it would be of little benefit to the property

owners on the line, and I do not think it would be just to assess them.]

The total probable cost of laying the vitrified drain-pipe will be \$650 ; this includes all the expense.

I have not made out the plan and specification for the laying of the pipe until you have decided to do the work.

Respectfully yours, &c.,

D. HUDSON SHEDAKER,  
*Surveyor and Regulator Third District.*

### RESOLUTION

Granting permission to use Common Council Chamber on the evening of March 4, 1878.

*Resolved by the Common Council of the City of Philadelphia,* That permission be, and the same is, hereby granted to a committee of citizens to use Common Council Chamber on Monday evening, March 4th, 1878, on the occasion of the celebration of the birthday of Robert Emmett.

## APPENDIX No. 76.

*Philadelphia, February 23, 1878.*

SIR:—I would respectfully call your attention to the lot of ground chosen by the Fire Commissioners for Truck C ; the lot they have agreed to take is within one hundred and fifty feet of the North Pennsylvania Railroad crossing, where not less than fifty trains pass daily, and where they drill their cars, which makes it a very unsuitable place for a truck house. I offered a lot on south side of York street, east of Sepviva, with a suitable building for the same, for an annual rent of \$800, being the lowest. I hope you will appoint a committee to examine location.

I remain respectfully yours,

R. H. PRITCHARD,

## OFFICE OF THE COMMISSIONERS OF PUBLIC BUILDINGS,

*Philadelphia, February 4, 1878.*

WM. S. REYBURN, ESQ.,

Chairman Sub-Committee Finance of Councils.

DEAR SIR:—Enclosed please find copy of resolution adopted at meeting of the Commissioners for Erection of the Public Buildings, held on Saturday afternoon, the 1st inst., also copy of the assent of Messrs. Struthers & Sons which is referred to therein. Trusting that this action may meet the views of the Finance Committee and of Councils,

Very respectfully,

SAMUEL C. PERKINS,  
*President of Commission.*

WM. STRUTHERS &amp; SONS,

Office No. 1229 Walnut Street.

*Philadelphia, February 2, 1878.*

To the Commissioners of the Public Buildings,

GENTLEMEN:—We have seen the ordinance reported to Councils, making an appropriation of five hundred thousand dollars, and if the sum is increased to include and pay the amount of the existing orders, we will file the necessary agreement to enable the Commission to comply with the proviso, the Board of Commissioners to pass a previous resolution endorsing our action.

Very respectfully yours,

WM. STRUTHERS &amp; SONS.

—.

We hereby stipulate and agree with the Commissioners for the Erection of the Public Buildings, that if the sum mentioned in the ordinance as reported by the Joint Special Committee (Appendix to Journal of Common Council No. 19), be increased to six hundred thousand (600,000) dollars, and the ordinance as thus amended be passed by Councils and approved by the Mayor, we shall and will not demand either by mandamus or otherwise, in law or equity, during the year 1878, under our contract with the City, any sum beyond that which may be allotted to us by the Commissioners out of said sum of six hundred thousand (600,000) dollars, including three certificates or warrants Nos. 12, 13, and 14, drawn in our favor by said Commissioners in 1877, and amounting to one hundred and twelve thousand one hundred and seventy (112,170) dollars and eighteen (18) cents, said last mentioned sum being the full amount due and payable to us under our contract up to the end of the year 1877.

Witness our hands and seals, February 25, 1878.

JOHN STRUTHERS,	[L. S.]
PHILIP DOUGHERTY,	[L. S.]
STRUTHERS & SONS,	[L. S.]

Sealed and delivered  
in our presence.

#### NOTICE TO CONTRACTORS.

Sealed proposals will be received at the office until Monday next at 2½ o'clock P. M., for the following work to be done at South Street Bridge, Twenty-seventh Ward:

Item 1. For constructing an earth embankment of the width of sixty feet, at the established grade between abutment at west bank of river and east abutment at Junction Railroad, with the necessary slopes. Earth may be taken from the Alms-house grounds where above grade.

Item 2. For rip-rap on river front of west main abutment adequate to secure the abutment, in consequence of earth embankment.

Item 3. For taking down abutment at west side of West Chester Railroad and rebuilding it upon unyielding foundation, and also for building retaining walls of the same class to the abutment east of Junction Railroad to retain the earth.

Proposals for each Item must be accompanied with specifications and amount of work to be done; also state what abatement in price will be made in case of using or having the right to use the stone of fallen arches, and must be accompanied by a certificate that a bond has been filed in the Law Department, as directed by ordinance of May 25, 1860.

Form of proposal to be had on application.

Gen'l LOUIS WAGNER,

Chairman of Joint Committee on Finance and Highways.

SIR :—The proposals which have been received for repairs to South Street Bridge contemplate filling the earth embankment against the main abutment of the river span. The great danger of such a proceeding has been demonstrated at the next bridge on the river, belonging to the Delaware extension of the Pennsylvania Railroad, which is of corresponding depth of masonry with South street, but the pressure of the embankment forced the abutment towards the river, and the earth had to be removed.

There are other objections to the earth embankment. It is liable to damage from floods and tides ; from the latter it could be protected by rip-rap along the base, outside the old meadow banks.

As the whole meadow is alluvial, the mud will settle and keep the road surface in disorder for a number of years, and the filling is liable, in the future, to spread out on the meadows or towards the river ; in which case the main abutment may be forced by pressure from a considerable distance.

Unless an opening is made contiguous to the abutment, as has been proposed, by introducing one hundred feet of an iron span, Thirtieth street, which is now opened and paved to Spruce street, will be cut off from further extension by the bank at South street ; and if the opening and a bridge has to be made in the future for Thirtieth street, it will be attended with great expense.

There is sufficient space adjoining the Junction Railroad for Thirty-first street to pass through as now constructed. The plan for an iron-plate girder bridge, for the whole distance formerly occupied by the arches, which I submitted to you at the meeting on the 16th inst., has many advantages, and should be carefully considered before decision is made.

The old pile foundations would not have to bear more than half the weight which they have already been subjected to ; and this factor of safety might be relied on, only the sunken pier requiring new foundations.

The spans, of fifty feet each, are short enough for economical construction on the plate girder plan, which is extremely simple, and not liable to get out of order ; any slight settle-

ment or displacement would not interfere with its general stability.

The roadway, of stone pavement, on iron buckle plates, would admit of rapid travel, and would be in perfect condition for traffic as soon as built.

The space under the bridge would be open and available for commercial purposes in connection with navigation and railroads, for which the contiguous territory is specially adapted.

The appearance of the iron structure would be ornamental and pleasing to the view.

Although the bids submitted for iron work were not called for, they show that this plan can be carried out for less than \$100,000.

Yours very truly,  
SAML. L. SMEDLEY,  
*Chief Engineer and Surveyor.*

No. 127 South Thirteenth street,  
*Philadelphia, February 27, 1878.*

To the Hon. JOS. L. CAVEN,

President of Common Council, City of Philadelphia.

RESPECTED SIR :—As the engineer lately in charge of the construction of the South Street Bridge, I would respectfully suggest to the Committees of Finance and Highways, having the matter in charge, that my services are at their disposal, should they think proper to call me before them. In this way the public may be enabled to form a correct judgment as to the methods actually pursued by the builders, from details furnished by one in immediate charge.

Believing that a thorough examination would furnish data valuable in the consideration of such plans for repairs, as may be presented to the Committees of Finance and Highways.

I am, very, respectfully,  
D. McN. STAUFFER,  
*Late Engineer in charge South Street Bridge.*

### AN ORDINANCE

To authorize a revision of the lines of Washington Street, in the Twenty-first Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys is hereby authorized to revise the northwest line of Washington street, between the Norristown Railroad and the Schuylkill Canal, in such manner as to make the same a straight line:

*Provided*, That the ground to be taken by reason of such change be first dedicated to the City.

### APPENDIX No. 90.

*Philadelphia, March 6, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying petitions and ordinances for sewers, report that each case had been examined and approved by the Board of Surveys, from whose re-

ports we find that the aggregate length of said sewers is five thousand seven hundred and twenty-six (5,726) feet, costing to the property owners upon the lines thereof eleven thousand five hundred and fourteen (11,514) dollars, and to the City not exceeding one thousand seven hundred (1,700) dollars. Impressed with the importance of early attention to this drainage, we herewith present an ordinance for the construction of said sewers, and respectfully ask its adoption.

JOHN A. CLARK, <i>Ch'n</i> ,	ROBERT THOMAS,
HUGH COPELAND,	M. ROWLAND,
T. B. McAVOY,	JAS. R. GATES,
JOSEPH H. TATEM,	GEO. A. ENO,
AUGUSTUS SEITZ,	BJ. SAELTZER,
JOHN SHEGOG,	D. B. WENDLE,
BENJ. R. CASKEY.	

### AN ORDINANCE

To authorize the construction of sewers on Mount Vernon, Poplar, Wakefield, Bringhurst, Ashmead, Mercer, Taney, Marston, Berks, Orkney, Fifth, and Sixty-fourth streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be, and is, hereby authorized to construct the following sewers, viz.:—on Mount Vernon street, from Ninth to Tenth street; on Poplar street, from Hutchinson to the east curb line of Tenth street; on Wakefield street, from Bringhurst to Ashmead street; on Ashmead street, from Wakefield to Mercer street, and along Mercer street, from Ashmead street, southeastward about two hundred and twenty (220) feet, to sewer across said Mercer street; on Taney street, from Girard avenue to the north line of Cabot street; on Marston street, from Oxford street to the north line of Zimmerman street; on Berks street, from the sewer at Eleventh street to the west curb line of Park avenue, and connect with the sewer in said Park avenue; on Orkney street, from the south curb line of Diamond street, southward, and connect with the sewer at Norris street; on Fifth street, from a point sixty feet south of Norris street, southward, and connect with the sewer at Hackley street; and on Sixty-fourth street, from

Vine to Callowhill street, each with a clear inside diameter of three feet. Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidder, and it shall be a condition of the contracts that the contractor shall keep the said sewers and that portion of the street along which the said sewers shall be laid in good order and repair for three years from and after the date of the completion of the said sewers, and shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto, approved February 16, 1869; any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1878: *Provided*, Said excess does not exceed the sum of one thousand seven hundred (1,700) dollars.

### APPENDIX No. 93.

*Philadelphia, March 6, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN :—Your Committee on Surveys and Regulations, to whom was referred the accompanying "Resolution of Instruction to the Committee on Surveys," relative to the construction of main sewers on Snyder avenue and Thirteenth street, report that in the sewer loan of October 14, 1872, for \$638,000, Thirteenth street sewer is named as one of the sewers to be built out of the amount of loan, and the sum intended for that purpose was \$47,000.

Out of the loan of July 13, 1875, of \$500,000, there was appropriated by ordinance of November 1, 1875, \$75,000 for Snyder avenue sewer, and the work east of Sixth street,

which has been built or contracted for, absorbs \$54,000, leaving yet available \$21,000, making a total of \$68,000.

The Board of Surveyors have recommended the extension of the sewer on Snyder avenue, from Sixth to Thirteenth street, and on Thirteenth street, from Snyder avenue to Morris street, a distance of about 5000 feet. As relief at the terminus and along the line is greatly needed, it is recommended that Councils, by ordinance, authorize the prosecution of the work.

JOHN A. CLARK, <i>Ch'n</i> ,	HUGH COPELAND,
T. B. McAVOY,	M. ROWLAND,
GEO. A. ENO,	JOS. H. TATEM,
BENJ. SAELTZER,	AUGUSTUS SEITZ,
ROBERT THOMAS,	JOHN SHEGOG,
JAS. R. GATES,	D. B. WENDLE,
BENJ. R. CASKEY.	

### AN ORDINANCE

To authorize the construction of a main sewer on Snyder avenue, from Sixth street to Thirteenth street, and on Thirteenth street, from Snyder avenue to Morris street, in the First and Twenty-sixth Wards.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways be, and is, hereby authorized and directed to enter into a contract with competent mechanics, for the construction of a main sewer on Snyder avenue, from the terminus of the present sewer at Sixth street to Thirteenth street, and on Thirteenth street, from Snyder avenue to Morris street.

SECT. 2. That it shall be the duty of the Chief Engineer and Surveyor to prepare plans and specifications for said sewers, and that the contracts entered into for the construction thereof shall be in accordance with such plans and specifications.

SECT. 3. That before entering into the said contracts the Chief Commissioner of Highways shall cause advertisements to be made for sealed proposals for the construction of the sewers at a specific sum per lineal foot; that the total cost of said sewers shall not exceed the estimates of the Chief Engi-

neer and Surveyor for the work to be done, and no contracts therefor shall be binding on the City of Philadelphia until the same shall have been authorized by these Councils.

SECT. 4. That no proposal for the construction of the said sewers shall be considered by the said Chief Commissioner of Highways unless accompanied by an engagement in writing from two or more sufficient sureties guaranteeing the faithful execution of the contract in case such proposal be accepted.

SECT. 5. That as the work of said sewers shall progress there shall be assessed and charged upon the properties in front of which the same shall be completed the sum of one dollar and fifty cents for each lineal foot of the front of said properties in accordance with the ordinances approved May 12, 1866, and February 16, 1869.

SECT. 6. That it shall be a condition of such contracts that the contractors shall accept the sum so assessed and charged under the foregoing section of this ordinance in part payment of their contract price; and that they shall collect the same at their own cost, and the better to enable them so to do they may use the name of the City of Philadelphia, and employ all legal remedies or proceedings, whether of lien or otherwise, to which the said City may be competent.

SECT. 7. That while the work is in progress, payments may be made by the Chief Commissioner of Highways in warrants drawn upon the City Treasurer. The amount to be charged to loan approved October 14, 1872, until it shall have reached the sum of forty-seven thousand dollars; the balance to be charged to loan approved July 13, 1875, and out of such portion of said loan as was appropriated by ordinance approved November 1, 1875, for the construction of Snyder avenue main sewer. Said payments in all cases to be made upon certificates of the Chief Engineer and Surveyor estimating the amount of work done, and to be made in the bonds of the City of Philadelphia, or in cash, at the discretion of the Mayor.

*Provided*, That for all current estimates no payments shall exceed four-fifths of the money meritoriously earned under said contract.

SECT. 8. Satisfactory evidence shall be furnished by the contractor to the Chief Commissioner of Highways that full

payment has been made for all labor done and materials furnished previously to drawing a warrant for the final estimate of any work done by virtue of this ordinance; and the Chief Commissioner of Highways shall require full and entire payment by the contractors of all labor and materials on account of such work, and the said Commissioner shall give one month's notice, in two daily newspapers, of the time at which final payment will be made on each and every final estimate.

## APPENDIX No. 95.

*Philadelphia, March 7, 1878.*

To the Common Council  
of the City of Philadelphia.

GENTLEMEN :—The Special Committee, to whom was referred resolution from Select Council entitled “Resolution of request to the General Assembly of the Commonwealth, to pass an Act to authorize cities of the first class, the debt of which now exceeds seven per centum upon the assessed value of taxable property therein, to increase the debt an additional two per centum on said valuation,” respectfully report that they have considered the same, and recommend that the resolution be passed with the following amendments, viz.: amend the first and only resolution by striking all after the word “entitled,” and inserting the following: “An Act to authorize cities of the first class to fund their present floating indebtedness, by creating a loan therefor, and to provide a sinking fund for the redemption of the same.”

## AN ACT

To authorize cities of the first class to fund their present floating indebtedness by creating a loan therefor, and to provide a sinking fund for the redemption of the same.

SECTION 1. *Be it enacted by the Senate and House of Representatives of the Commonwealth of Pennsylvania in General Assembly met, and it is hereby enacted by the authority of the same,* That the Councils of the cities of the first class be, and they are, hereby authorized to fund the floating indebtedness of said cities to the extent of ten millions (10,000,000) dol-

lars, by the issue and sale at not less than par of a loan to that amount, in bonds or certificates of not less than twenty-five dollars each, at a rate of interest not exceeding five per centum per annum, payable semi-annually, in lawful money of the United States, which said loan shall not be subject to any taxation for State, County, Municipal, or other purposes, and shall be payable in thirty years from the date thereof in like lawful money. *Provided*, That the said loan shall not exceed two per centum upon the assessed value of the taxable property of said cities. *And provided further*, That the said cities shall, at or before the time of authorizing the said loan, provide for the collection of an annual tax sufficient to pay the annual interest, and also the principal of said loan, within thirty years, by the creation of a sinking fund for the gradual extinguishment thereof.

And amend the title by striking out after the word "class," and insert the words "to fund their present floating indebtedness by creating a loan therefor, and to provide a sinking fund for the redemption of the same."

Respectfully submitted,

JOHN BARDSLEY, <i>Ch'n</i> ,	WM. HENRY LEX,
JOHN A. CLARK,	S. DAVIS PAGE.

## APPENDIX No. 96.

*Philadelphia, March 7, 1878.*

To the Common Council of the City of Philadelphia.

GENTLEMEN:—The Special Committee to whom was referred resolution from Select Council entitled "Resolution of request to the General Assembly of the Commonwealth of Pennsylvania, to pass an Act to limit the appropriations made by cities of the first-class, and prohibiting the making of contracts and drawing of warrants under certain contingencies," respectfully report that they have considered the same, and recommend that it be passed with the following

amendment, viz.: Amend the first and only resolution by striking out all after the word "Act," and inserting the words "to authorize the Board of Revision of Taxes of cities of the first-class to levy and fix the annual tax rate, and to establish a method for a proper ascertainment of the same, and to forbid the making of contracts or expenditure of money beyond the total amount of revenue raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same."

## AN ACT

To authorize the Board of Revision of Taxes of Cities of the first-class to levy and fix the annual tax rate, and to establish a method for a proper ascertainment of the same, and to forbid the making of contracts or expenditure of money beyond the total amount of revenue raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same.

SECTION 1. *Be it enacted by the Senate and House of Representatives, &c.,* That from and after the passage of this Act, it shall be the duty of the Councils of Cities of the first-class to make the annual appropriations to the different Departments, Boards, and Commissions of said Cities that may be necessary for the support and maintenance of the said Departments, Boards, and Commissions for the fiscal year next beginning, on or before the first day of July in each and every year; *Provided,* That no appropriations shall be made other than those above-mentioned.

SECT. 2. And thereupon, it shall be the duty of the Board of Revision of Taxes in said Cities of the first-class to fix the tax rate, on or before the first day of October following, in each and every year for the fiscal year commencing January 1st, next ensuing, so that the books of the Receiver of Taxes may be opened on the said first day of January, and the payment of taxes by the owners of property commence at that time.

SECT. 3. The said tax rate shall be ascertained and fixed by the said Board of Revision in the manner following: They shall estimate the average of the income annually derived by the said Cities from all sources other than taxation for the

period of ten years immediately preceding the current year, and to the amount so found to be the average of income from such sources they shall add a sum which, together with the said average amounts, will make a total sum equal to the total of all the annual appropriations made as aforesaid, and shall thereupon fix and levy a tax rate sufficient, beyond all allowances for failure or deficiencies in the collection of said taxes so levied, to raise the said sum so ascertained to be required to be raised by taxation, the determination of the said allowances and deficiencies to be based on an estimate of the annual average and percentage of taxes actually collected during the ten (10) years immediately preceding the said current year; *Provided*, That the said Board of Revision shall discriminate in levying the taxes as not to impose upon the rural portions those expenses which belong exclusively to the built portions of said City, as now provided by law; *Provided*, Said Board of Revision shall fix such a tax rate, ascertained as aforesaid, as shall fully cover the annual appropriations made by Councils, with the amounts falling due for interest on the municipal debt, and the sums required by the various sinking funds.

SECT. 4. No Head of Department of Cities of the first-class, and no Commission, Board, or Trust exercising any powers of government therein, either in the making of contracts, the approval thereof, or in the authorization of the expenditure of the money in any manner whatever, shall hereafter draw, issue, or approve any warrant for any expenditure by such Department, Commission, Board, or Trust, unless an appropriation has previously been made in accordance with the provisions of the first section of this Act. And no warrant shall be drawn against any item in said appropriations in excess of said item, and any warrant issued in violation of the requirements of this Act shall be absolutely void, and any Head of Department, Board, Commission, or Trust issuing such warrant shall be guilty of a misdemeanor, and upon the conviction thereof, shall be fined a sum not exceeding five thousand (5,000) dollars and imprisoned for a term not exceeding three years, and be thereafter disqualified from holding any office or position of trust under the State or any county or municipality government thereof, and the countersigning of such warrant or warrants by the City Controller

shall likewise constitute in such officer a misdemeanor, and shall subject him to like penalties as hereinbefore provided; *Provided*, That nothing contained in this Act shall be construed to relieve or exempt any officer or other person violating its provisions from liability to any other punishment or penalties now provided by law.

SECT. 5. That all Acts or parts of Acts inconsistent herewith are hereby repealed.

And amend the title by striking out all after the word "Act," and insert the words: "To authorize the Board of Revision of Taxes of the Cities of the first-class to levy and fix the annual tax rate, and to establish a method for a proper ascertainment of the same, and to forbid the making of contracts or expenditure of money beyond the total amount of revenue raised and provided in accordance with the provisions of this Act, and prescribing penalties for the violation of the same."

## RESOLUTION

To appoint a Joint Special Committee to proceed to Harrisburg and urge upon the Legislature of Pennsylvania the abolition of the Public Buildings Commission, or the restriction of its expenditures and work to the annual appropriation made therefor by Councils.

*Whereas*, The Supreme Court of Pennsylvania have lately decided that the Act of Assembly, entitled "An Act to provide for the erection of all the Public Buildings, required to accommodate the Courts and for all municipal purposes, in the City of Philadelphia, &c.," approved 5th August, 1870, invests the individuals therein named as the Commissioners for the Erection of said Buildings, and their self-chosen successors, with powers and privileges at variance with the theory and system of our government, the unrestrained exercise and enjoyment of which must be destructive and subversive of the best interests of this municipality and the citizens thereof; and that in spite of the provisions of the Constitution lately adopted by the people of this Commonwealth, in an effort to regain the rights and liberties that had been, by fraud, force or folly, taken from them.

*And Whereas*, The said Court have so decided, on an application made by the said Commissioners, for an absolute order upon these Councils, charged with the protection of the interest of their constituents, to levy, without discretion and without regard to the condition of property and business in the City, a tax sufficient to raise a sum of money, out of all proportion to the necessities of the case and of the times.

*And Whereas*, These Councils have passed a resolution, requesting the Legislature of Pennsylvania to pass an Act of Assembly repealing so much of the aforesaid Act of Assembly as provides for the Commissioners for the Erection of the Public Buildings;

*Therefore, Be it, and it is, hereby resolved by the Select and Common Councils of the City of Philadelphia, That a Joint Special Committee of five members from each chamber,*

be appointed to proceed forthwith to Harrisburg, and urge upon the Legislature of Pennsylvania there assembled, the pressing necessity of the immediate passage of said Act, repealing so much of the Act approved 5th August, 1870, as requested in said Resolution, or, at least, to repeal so much of the Act for the Erection of the Public Buildings as aforesaid, as gives to said Commissioners the powers and privileges here complained of, and as by the decision of the Supreme Court aforesaid, binds the City of Philadelphia and its representatives to do all acts that said Commissioners may require in the furtherance of the purpose of their creation, as in the unrestrained discretion of said Commissioners may appear necessary. *Provided*, That it shall be no expense to the City of Philadelphia.

## MEMORIAL.

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN :—As it is a well known fact, that the entire sewerage system of our City has many and very grave imperfections, and being convinced that much of the disease prevalent in our midst is due to these defects, we, the undersigned, physicians of Philadelphia, do most earnestly petition your Honorable Bodies to take such speedy action as may insure a radical improvement in our drainage, both private and public.

To accomplish this end most effectively, we would recommend that a thorough study of the whole subject be made as early as possible by competent persons. And we are of the opinion that the most scientific and practical mode of procedure at the outset, would be to collect such facts relating to house and street drainage as have been gained by long and costly experiment in the largest cities of the United States, and especially of Europe, where this matter has lately received a great deal of attention. The conclusions reached in some of these cities are being at present practically applied, and

several large systems are in process of construction. A very favorable opportunity is thus offered for collecting information, with which it will then be possible to raise the condition of our own sanitary works to the standard which a civilized community of the present day justly demands.

OFFICE OF THE CHIEF ENGINEER AND SURVEYOR,

*Philadelphia, March 21, 1878.*

JOS. L. CAVEN, ESQ.,

President of Common Council.

DEAR SIR:—In reply to the resolution of inquiry passed at your last meeting, I respectfully report that the returns to the City Treasurer, from searches and permits, have not been made daily, but once a month. The practice of this Department not differing in this respect from that of others receiving but small amounts of money, a fact which has not been disguised, but must be well known to your Committee and others having the subject in charge. The clerk who receives the money for permits, has, in five years service, maintained an unblemished reputation for integrity, and makes affidavit that he has never loaned the City money to subordinates in the office, nor to any one else. The profit from such transactions could not be large enough to offer much temptation. On some days, the receipts are less than a dollar. The practice of making monthly deposits, in accordance with the law of 1863, has been regularly continued without special consideration, but I shall, under the circumstances, direct that hereafter all sums, however small, shall be deposited with the City Treasurer daily.

Respectfully submitted,

SAMUEL L. SMEDLEY,

*Chief Engineer and Surveyor.*

## AN ORDINANCE

Amendatory of "An Ordinance to authorize the construction of sewers on Mount Vernon, Third, German, and Penn streets, approved June 5, 1877."

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That so much of an ordinance to authorize the construction of sewers on Mount Vernon, Third, German, and Penn streets, approved June 5, 1877, as requires the sewer on Mount Vernon street to be of vitrified drain pipe of the diameter of fifteen (15) inches in the clear, be so amended as to require the construction of a three feet brick sewer in such manner as is provided by the ordinances of the City.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying application for relief from bad drainage on Eighteenth, Lena, and other streets, beg leave to report, that the drainage of Logan's run is very offensive and deleterious to public health, and the stream washes gullies in Eighteenth street, where houses are built, so as to render them almost inaccessible.

Your Committee, therefore, submit an ordinance for the construction of a sufficient sewer in the locality, and recommend its passage, the cost being charged to the appropriation of July 13th, 1875.

## AN ORDINANCE

To authorize the construction of main sewer on Lena and Eighteenth streets, in the Twenty-fifth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Chief Commissioner of Highways is hereby authorized and directed to enter into a contract with mechanics for the construction of a main sewer, commencing at Lena street and Logan's run, thence along Lena, Eighteenth, and Bristol streets, to the southwest side of Germantown avenue, in the Twenty-fifth Ward.

SECT. 2. That it shall be the duty of the Chief Engineer and Surveyor, to prepare plans and specifications for said sewer, and that the contract entered into for the construction

thereof, shall be in accordance with such plans and specifications.

SECT. 3. That before entering into the said contract, the Chief Commissioner of Highways shall cause advertisements to be made for sealed proposals for the construction of the sewer at a specific sum *per lineal foot*. The total cost of said sewer shall not exceed the estimates of the Chief Engineer and Surveyor for the work to be done, and no contract therefor shall be binding on the City of Philadelphia until the same shall have been approved by these Councils.

SECT. 4. That no proposal for the construction of the said sewer shall be considered by the said Chief Commissioner of Highways, unless accompanied by an engagement, in writing, from two or more sufficient sureties, guaranteeing the faithful execution of the contract in case such proposal be accepted.

SECT. 5. That as the completion of the said sewer shall progress, there shall be assessed, and charged upon the properties in front of which the same shall be completed, the sum of one dollar and fifty cents for each lineal foot of the front of the said properties.

SECT. 6. That it shall be a condition of such contract that the contractor shall accept the sums so assessed and charged under the foregoing section of this ordinance, in part payment of his contract price, and that he shall collect the same at his own cost; and the better to enable him so to do, he may use the name of the City of Philadelphia, and employ all legal remedies or proceedings, whether of lien or otherwise, to which the said City may be competent.

SECT. 7. That payments may be made while the work of constructing the sewer is in progress by the Chief Commissioner of Highways in warrants upon the City Treasurer, charged to loan approved July 13, 1875. Said payments, in all cases, to be made upon a certificate of the Chief Engineer and Surveyor estimating the amount of work done: *Provided*, That for all current estimates, no payments shall exceed four-fifths of the money meritoriously earned under said contract, after deducting the ratable proportion of the assessments referred to in Section 5 of this ordinance; said

payments to be made in the bonds of the City of Philadelphia, or in cash, at the discretion of the Mayor.

SECT. 8. Satisfactory evidence shall be furnished by the contractor to the Chief Commissioner of Highways that full payment has been made for all labor done and materials furnished previously to drawing a warrant for the final estimate of any work done by virtue of this ordinance; and the Chief Commissioner of Highways shall require full and entire payment by the contractors of all labor and materials on account of such work; and the said Commissioner shall give one month's notice, in two daily papers, of the time at which final payment will be made on each and every final estimate.

DEPARTMENT OF LAW,

*Philadelphia, March 16, 1878.*

GEN. LOUIS WAGNER,  
Chairman Finance Committee.

DEAR SIR:—I have examined the proposed ordinance making a special appropriation to the Department of City

Commissioners for expenses of District Attorney's, Prothonotary's office, and the Courts, and for the bill of the State Lunatic Hospital, which was referred to me to report whether the supplies mentioned therein have been legally authorized, and whether the City is liable therefor, and thereupon desire to submit the following report:

An Act of June 17, 1839, P. L. 677, provided that "the books required for records in the offices of the Prothonotaries and clerks of the several Courts of this Commonwealth \* \* \* shall be purchased by the proper officer and paid for out of the county treasury by orders drawn on the treasurer of the proper county." This Act was construed by the late District Court, in the case of *Smith vs. The City of Philadelphia*, 5 Phila. R., 1. The plaintiff had furnished books and stationery and had done certain printing for various offices "at the instance of the incumbents of these offices." It was held that the Courts appertain neither to the counties nor to the districts in which they were held, but that they "are State establishments," that they are therefore not subject to the provisions of the Acts relating to supplies to the City Government, and that the plaintiff could therefore recover the charge for "the books distinctly provided for by the Legislature of June 17, 1839;" but that the stationery and printing "were furnished in relief of the Prothonotary in the discharge of his official duties," and that "the expense must be borne by the officer under whose direction it was incurred."

The Act of March 31, 1876, P. L. 13, regulates the salaries, &c., of divers officers, but takes effect only "on the expiration of the terms of the (then) present incumbents of county offices" (*sic.*) All inconsistent laws are repealed from the date of such expiration, "but shall remain in full force and virtue as to all actions and remedies at law begun or accruing prior to that date." Section 11 is as follows:

"The several counties to which this Act shall apply, shall each at the proper cost of the county furnish the office furniture, books, and stationery required for the use of any of the officers included in this Act, and also all needed fuel, and the services of a janitor."

The present District Attorney, having been elected since that Act was passed, is within its provisions. The Act of

1874 respecting purchases by the City, like the Acts of 1855 and 1856, relates only to supplies for the City Government, and not to those furnished to "State establishments." I am therefore of opinion, under the authority of *Smith vs. The City*, that the City should pay his reasonable expenses for books, stationery, &c. But the Prothonotary of the Courts of Common Pleas was in office when the Act of 1876 was passed, and is not within its provisions (*Perot's Appeal*, just decided), and on the same authority, I am of opinion that the City is only obliged to pay for the books mentioned in the Act of 1839.

Another part of the proposed appropriation is for stationery furnished to the Courts. For this the City is clearly liable. In *Venango County vs. Durban*, 3 Grant, 66, it was held, that where no other provision is made for the necessary expenses of the judiciary in its official duties, the county where the Court is held is in general liable, and consequently the county was liable for the cost of advertising the trial list in a newspaper.

Another example of the power of the Court to incur expenses in the administration of justice is the case of *Commissioners vs. Hall*, 7 Watts, 290, in which the county was compelled to pay a bill for boarding and lodging a jury kept at a public house by order of Court.

The only remaining question arises under the third item "to pay Pennsylvania State Lunatic Hospital balance of bill of 1877." I have not been furnished with this bill, but am told that it is for board, &c., of pauper and of criminal lunatics. If legally committed—and in the absence of evidence to the contrary I must assume this to be the case, the poor district is liable for their expenses. *Davidson Township's Appeal*, 18 P. F. Smith, 312; *Wertz vs. Blair County*, 16 P. F. Smith, 18; *Lower Augusta Township vs. Northumberland County*, 1 Wr., 143; *Township of Franklin vs. Pennsylvania State Lunatic Hospital*, 6 Casey, 522, and other cases.

Yours truly,

WM. NELSON WEST,

*City Solicitor.*

## AN ORDINANCE

To make an appropriation to the Department of City Commissioners to pay for books and stationery, &c., and balance of bill to the Pennsylvania State Lunatic Hospital.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the sum of seven thousand two hundred and forty-seven (7,247) dollars and five (5) cents be, and the same is, hereby appropriated to the Department of City Commissioners, as follows, viz. :

Item 1. To pay for books, stationery, printing, postage, and incidental expenses, for the District Attorney's office, three thousand (3,000) dollars.

Item 2. To pay for books, stationery, &c., furnished the District Attorney's office, Prothonotary Court of Common Pleas, and the several Courts, for the year 1877, one thousand three hundred and twenty (1,320) dollars and thirty-six (36) cents.

Item 3. To pay Pennsylvania State Lunatic Hospital balance of bill of 1877, one hundred and twenty-four (124) dollars and nineteen (19) cents.

Item 4. To pay Oliver P. Glessner, for stationery furnished to officers of the Register of Wills and the Clerk of the Orphans' Court, during the year 1877, two thousand eight hundred and two (2,802) dollars and fifty (50) cents. And warrants shall be drawn by the City Commissioners in conformity with existing ordinances.

To the Common Council.

GENTLEMEN:—The Committee of Conference on the points of difference between the Chambers on bill No. 21, entitled "An Ordinance to make an appropriation to the Board of Public Education for the year 1878," respectfully report that they have agreed to recommend that Common Council concur in the amendments of Select Council with the following amendments: First. By reducing the salaries of all teachers five per cent. upon the salaries at present paid; and, in view of the fact that three months of the present year have already passed without any reduction in the number of teachers, that Common Council agree that the appropriation for salaries be made by sections instead of in one sum. Second. That the salaries of housekeepers and officers of the Board be reduced ten per cent. upon the sums now paid. Third. That Common Council concur in the amendment of Select Council appropriating eight thousand five hundred (8,500) dollars for music, and that the total appropriation be amended accordingly.

Respectfully submitted,

DEPARTMENT OF HIGHWAYS,

*Philadelphia, April 4, 1878.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—I have the honor to enclose a communication from Samuel C. Perkins, Esq., President of the Commissioners for the Erection of the Public Buildings, in reference to the possibility of fitting up rooms in said buildings, and furnishing them for the use of the Highway Department, and would request that your honorable bodies take such action as may facilitate such an arrangement.

I enclose, also, copy of the letter of Mr. Mann, Prothonotary of the Court of Common Pleas, to Mr. Perkins.

Very respectfully,

WILLIAM BALDWIN,  
*Chief Commissioner of Highways.*

---

OFFICE OF COMMISSIONERS OF PUBLIC BUILDINGS,

*Philadelphia, April 3, 1878.*

TO WILLIAM BALDWIN, ESQ.,

Chief Commissioner of Highways.

DEAR SIR:—I have received a communication, copy of which is enclosed, from the Prothonotary of the Court of Common Pleas.

I think there will be no difficulty in finding accommodations, and preparing and furnishing rooms which will fully meet the wants of your Department in the New Public Buildings. If you can advise me, that it will be in accordance with the public convenience and the necessities of your department to be thus accommodated, I will have the necessary estimates made for the expenses, and advise you of the same at the earliest day.

I would respectfully refer, as having a bearing on this matter, to the communications of the Commissioners to Councils, January 18, 1877, (Appendix to Journal of Common Council, No. 20), the Resolution offered January 11, 1877, in Common Council (Journal, p. 44, and Appendix No. 18), Ordinance reported to Common Council February 1, 1877, to Common Council (Journal, p. 109, Appendix No. 57), adopted April 30, 1877 (Journal, p. 346), reported favorably to Select Council May 24, 1877 (Journal, p. 340, Appendix No. 158), and consideration postponed. The matter here dropped.

Very respectfully,

SAMUEL C. PERKINS,

*President of Commissioners.*

—

PROTHONOTARY'S OFFICE,

*Philadelphia, April 1, 1878.*

SAMUEL C. PERKINS, ESQ.,

President of the Commissioners.

DEAR SIR:—The rooms at present occupied for the purposes of my office, are entirely insufficient for the growing needs of the courts, and the cramped accommodations render it impossible to have the books and papers in such a degree of order and preservation as would be desirable.

I have understood that the Highway Department are willing to give up the rooms which they at present occupy, if sufficient accommodations can be made for them elsewhere. Would it be possible to find them accommodations by fitting up rooms, temporarily, at a moderate expense, in the New Public Buildings?

Very respectfully,

(COPY).

WILLIAM B. MANN,

*Prothonotary.*

HUGH COPELAND,	D. B. WENDLE.

## AN ORDINANCE

To place Wright, Sharswood, and Stewart streets, in the Twenty-ninth Ward, between Twenty-fourth and Twenty-seventh streets, upon the City plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be, and is, hereby authorized to place upon the City Plan, from Twenty-fourth to Twenty-seventh street, Wright street, of the width of twenty-five feet, and at the distance of ninety-five feet south of the south side of Jefferson street; Sharswood street, of the width of forty feet, and at the distance of two hundred and ten feet south of the south side of Jefferson street; and Stewart street, twenty-five feet in width, and at the distance of ninety feet two-and-one-half inches north of the north side of Master street, being a continuation of said street as now laid out east of Twenty-fourth street, in the Twenty-ninth Ward.

## APPENDIX No. 136.

*Philadelphia, April 3, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying ordinance to revise the lines and grades of Plan 164, in the Twenty-sixth Ward, beg leave to report that changes in the present regulation may be made to both public and private advantage, and to return the ordinance with a favorable recommendation; the plan covers about one hundred and fifty acres, the cost amounting to six hundred (600) dollars.

## AN ORDINANCE

For revision of lines and grades on Plan 164, Twenty-sixth Ward.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be, and is, hereby authorized and directed to prepare plans revising lines and grades, with topography, on Plan 164, comprising part of Twenty-sixth Ward.

## APPENDIX No. 137.

*Philadelphia, April 3, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was recommitted an ordinance for the revi-

sion of lines and grades on Plan 246, in the Twenty-seventh Ward, with the provision for the cost of the preliminary survey therefor stricken out, beg leave to report, that such a survey is requisite for any intelligent execution of the work, and requires the services of the District Surveyor, and a corps of assistants, for the maintenance of which no allowance is made by the existing laws other than a small salary to the District Surveyor, for providing an office, keeping and furnishing the public record of surveys, attending to his duties as a member of the board, &c.

If Councils see fit that the revision be made, the proviso is required, and your Committee submit for your consideration the ordinance as originally returned.

### APPENDIX No. 138.

*Philadelphia, April 3, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying ordinances for

sewers, reports that they have been examined and approved by the Board of Surveys, from whose reports we find them to be needed for the promotion of public cleanliness and health; their aggregate length will be 1,267 feet, costing to property owners upon the lines thereof \$2,734, and to the City about \$550. We herewith submit an ordinance for their construction, and respectfully ask its adoption.

D. B. WENDLE.

## AN ORDINANCE

To authorize the construction of sewers on Hancock, Twenty-sixth, and Seybert street, and across Snyder avenue.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be, and is, hereby authorized to construct the following sewers, viz.: On Hancock street, from a point two hundred feet north from the north line of Berks street, and connect with the sewer on said Berks street; on Twenty-sixth street, from the sewer on Oxford street to the south curb line of Columbia avenue; on Seybert street, from the sewer in Twenty-third street to the west curb line of Twenty-second street; and across Snyder avenue at the meadow bank, west of Commercial avenue one hundred feet in length; said sewers to be built of brick, circular in shape and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders, and it shall be a condition of the contracts that the contractor shall keep the said sewers and that portion of the street along which the said sewers shall be laid, in good order and repair for three years from and after the date of the completion of the said sewers, and shall

accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12, 1866, and supplement thereto approved February 16, 1869; any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3, 1868, to be charged to Item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1878; *Provided*, The said excess shall not exceed the sum of five hundred and fifty (550) dollars.

## APPENDIX No. 139.

*Philadelphia, April 3, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was recommitted the accompanying ordinance to revise the lines of Pleasant street, in the Twenty-second Ward, for the consideration of a proviso, that the City be indemnified against cost, by a bond filed with the City Solicitor, beg leave to report, that in their opinion such course would prevent a desirable change, as individual citizens should not be compelled to assume the cost of a measure designed for the benefit of the community at large. Your Committee therefore return the ordinance with the provisos stricken off, and respectfully urge its adoption.

*Philadelphia, March 30, 1878.*

To the Joint Committees of  
Finance and Highways.

GENTLEMEN :—Your Sub-Committee, to whom was referred the subject of repairs to South Street Bridge, have examined the plans and proposals, and report in favor of awarding the contract to J. H. Hobart, Jr., for trestling, at \$4,100, he being the lowest bidder. Although for a permanent structure the plan for an iron bridge would be best adapted to the purpose, the temporary structure is recommended in conse-

quence of the embarrassed condition of the treasury, and will accommodate travel until a more satisfactory time for making so large an appropriation as will be required for the iron bridge.

We report negatively on constructing an engine for the draw, and submit an ordinance to approve contract and sureties for J. H. Hobart, Jr., for trestling at \$4,100, and Messrs. Cofrode & Saylor for rebuilding west abutment for \$9,500, and making appropriation therefor.

## AN ORDINANCE

To approve the contract and surety of J. H. Hobart, Jr., for trestling, and the contract and surety of Cofrode & Saylor, for rebuilding west abutment of South Street Bridge, and to make an appropriation therefor.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That Octavius Bull be, and he is, hereby approved in the sum of two thousand and fifty dollars as surety of J. H. Hobart, Jr., for trestling at South Street Bridge, and that William Nolan be, and he is, hereby approved in the sum of four thousand seven hundred and fifty dollars as surety of Cofrode & Saylor, for rebuilding west abutment of South Street Bridge, and that the contracts submitted to Councils between the City of Philadelphia and the said J. H. Hobart, Jr., and the said Cofrode & Saylor, be, and the same are, hereby approved: *Provided*, The said J. H. Hobart, Jr., shall deliver to the City Solicitor the usual bond and warrant attached for two thousand and fifty dollars, and the said Cofrode & Saylor shall also deliver to the City Solicitor the usual bond and warrant attached for four thousand seven hundred and fifty dollars, the same to be entered of record as all similar security bonds for the performance of contracts with the City are recorded, and to be entered up in the proper County as well as in the County of Philadelphia. *And provided further*, That the said J. H. Hobart, Jr., shall bind himself to complete the said trestling; and the said Cofrode & Saylor shall also bind themselves to rebuild the west abutment, according to the plans and specifications of the Chief Engineer and Surveyor for the price bid, viz.: four thousand one hundred dollars for the trestling, and nine thousand five hundred dollars for rebuilding west abutment.

SECT. 2. That the sum of thirteen thousand six hundred (13,600) dollars be, and the same is, hereby appropriated to the Department of Highways to pay for said trestling and rebuilding of west abutment of South Street Bridge. And warrants shall be drawn by the Chief Commissioner of Highways in accordance with existing ordinances.

APPENDIX No. 153.

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—I beg leave to report, that in pursuance to ordinance approved June 5, 1877, entitled "An Ordinance conferring on the Mayor and Commissioner of Markets and City Property authority to dispose of property belonging to the City of Philadelphia," acting in connection with the Commissioner of Markets and City Property, I caused to be exposed to public sale by M. Thomas & Sons, auctioneers, on Tuesday, April 9, 1878, certain property belonging to the City of Philadelphia, with the following result:

Three-story brick building and lot, formerly used as school-house, situate on the east side of Chester street, 120 feet north of Race street, in the Tenth Ward of the City of Phila-

delphia, containing in front 100 feet, and in depth 70 feet, was sold to Charles S. Caffrey for the sum of twelve thousand (12,000) dollars.

Building known as Southwark Hall and lot, situate on the east side of Second street, 100 feet south of Queen street, Third Ward of the City of Philadelphia, containing in front on Second street 82 feet nine inches, and in depth 99 feet  $5\frac{3}{4}$  inches on the north side, and 99 feet  $10\frac{1}{4}$  inches on the south side to Southerland street, was sold to John McCoy for fifteen thousand six hundred (15,600) dollars. This property was offered for sale in the year 1874, and the highest bid then made therefor was nine thousand (9,000) dollars, subject to the ground rent then existing, which has since been purchased by the City for the sum of six thousand two hundred and ten (6,210) dollars, making the total amount of said bid fifteen thousand two hundred and ten (15,210) dollars, being less than the present sum offered.

Three-story brick building and lot No. 1818 north Twelfth street, formerly occupied as a school-house, situate on the west side of Twelfth street, 99 feet south of Parrish street, Fourteenth Ward of the City of Philadelphia, containing in front 32 feet, and in depth 60 feet and upwards, was sold to Joseph B. Vankirk, for the sum of fifty (50) dollars, subject to ground rents amounting together to four thousand (4,000) dollars.

A lot of ground adjoining the Manatawna School-house in the Twenty-first Ward of the City of Philadelphia, containing  $120\frac{11}{100}$  square perches, was sold to H. R. Bickings, for the sum of three hundred (300) dollars. This lot, together with the remaining ground of the City on which the school-house is built, is subject to a ground rent of five hundred (500) dollars principal, which it will be necessary for the City to extinguish to make a good title to the purchaser.

All the said sales were made upon the terms of one-half the purchase money cash on the delivery of the deed, and the balance to remain for five years, to be secured by bond and mortgage upon the premises. The sales are all deemed satisfactory, and I would recommend that the accompanying ordinance be passed confirming the same, and authorizing that the said ground rent on the Manatawna School-house

lot be fully paid off and extinguished out of the proceeds thereof.

Respectfully submitted,

WILLIAM S. STOKLEY,

*Mayor of Philadelphia.*

*Philadelphia, April 18, 1878.*

### AN ORDINANCE

Confirming the sales of certain properties belonging to the City of Philadelphia, and authorizing the extinguishment of a yearly ground rent of thirty (30) dollars issuing out of a lot of ground, known as the Manatawna School-house lot, in the Twenty-first Ward, and the payment of the expenses of said sales out of the proceeds thereof.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the following mentioned sales of property belonging to the City of Philadelphia, made by M. Thomas & Sons, auctioneers, at public auction, on Tuesday, the ninth day of April, A. D. 1878, by order of William S. Stokley, Mayor, and William Dixey, Commissioner of Markets and City Property, pursuant to ordinance approved June 5, 1877, entitled "An Ordinance conferring on the Mayor and Commissioner of Markets and City Property authority to dispose of property belonging to the City," upon the terms, one-half the purchase money cash on the delivery of the deed, and the balance to remain for five years, to be secured by bond and mortgage upon the premises, to wit: All that lot of ground, with the three-story brick buildings thereon erected, situate on the east side of Chester street, between Vine and Sassafras (now Race) streets, in the Tenth Ward, one hundred and twenty (120) feet north of Race street, containing in front on Chester street one hundred (100) feet, and in depth east and west seventy (70) feet; bounded southward by Maple street, eastward by James street (both 20 feet wide), northward by ground of Jane Ewing, and westward by Chester street aforesaid, sold to Charles S. Caffrey for the sum of twelve thousand (12,000) dollars.

Also, all that two-story brick building and lot of ground situate on the east side of Second street, one hundred (100) feet south of Queen street, Third Ward, containing in front on Second street eighty-two (82) feet nine (9) inches, and

extending in depth on the north side ninety-nine (99) feet five and three-eighths ( $5\frac{3}{8}$ ) inches, and on the south side ninety-nine (99) feet ten and one-quarter ( $10\frac{1}{4}$ ) inches to Sutherland street, gradually widening on the south side, as it extends to the rear or east end thereof, where the said lot is in width ninety-nine (99) feet nine (9) inches more or less, sold to John McCoy for the sum of fifteen thousand six hundred (15,600) dollars.

Also, all that lot of ground, with the three-story brick buildings thereon erected, situate on the west side of Twelfth street ninety-nine (99) feet south of Parrish street, in the Fourteenth Ward, thence extending southward along the west line of Twelfth street thirty-two (32) feet, thence extending westward along the north line of a twenty feet wide court called Ely avenue sixty-one (61) feet three and one-half ( $3\frac{1}{2}$ ) inches, thence still westward along the same nine (9) feet seven (7) inches, thence northward at right angles with Parrish street thirty (30) feet eight and one-quarter ( $8\frac{1}{4}$ ) inches, and thence eastward at right angles with Twelfth street sixty-six (66) feet three and seven-eighths ( $3\frac{7}{8}$ ) inches to the place of beginning, subject to the payment of two yearly ground rents, one of eighty-four (84) dollars per annum, and the other of one hundred and fifty-six (156) dollars per annum, sold to Joseph B. Vankirk for the sum of fifty (50) dollars.

And also, all that lot of ground in the late township of Roxborough, now in the Twenty-first Ward, situate on the northwesterly side of a private road, twelve feet wide, laid out to accommodate Henry Wolf, and leading southwestwardly from Ridge avenue; beginning at the southwest corner of the Manatawna school lot, at the distance of one hundred and thirty-three (133) feet one and a-half ( $1\frac{1}{2}$ ) inches southwest of Ridge avenue, thence extending along the said twelve (12) feet wide road south fifty-three (53) degrees west five hundred and sixty-four (564) feet seven and one-half ( $7\frac{1}{2}$ ) inches, thence extending by ground now or late of William Wolf north thirty-six (36) degrees forty (40) minutes west eighty (80) feet and one-quarter ( $\frac{1}{4}$ ) of an inch, thence extending north fifty-four (54) degrees east still by ground now or late of William Wolf four hundred and thirty (430) feet eleven and three-quarter ( $11\frac{3}{4}$ ) inches to the northwest corner

of said school lot, south thirty-seven (37) degrees east seventy-two (72) feet two and one-quarter ( $2\frac{1}{4}$ ) inches to the first-mentioned point and place of beginning, containing one hundred and twenty (120) and eleven one-hundredths ( $\frac{11}{100}$ ) perches, sold to H. R. Bickings for the sum of three hundred (300) dollars, be, and the same are, hereby confirmed.

SECT. 2. That the Mayor and Commissioner of Markets and City Property be, and they are, hereby authorized to pay off out of the proceeds of said sales a certain yearly ground rent of thirty dollars, reserved by deed from William Wolf and wife to the Controllers of Public Schools of the First School District of Philadelphia, dated April 26, 1851, recorded in Deed Book G. W. C., No. 96, page 157, and to cause a proper deed of extinguishment therefor to be made to the City of Philadelphia in fee simple, and also to pay the expenses of said sales out of the proceeds thereof.

### RESOLUTION

Of request to the Senate of the State of Pennsylvania.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the Senate of the State of Pennsylvania be requested not to pass the proposed amendment to the Act entitled "An Act to authorize cities of the first-class to levy and fix the annual tax rate, to establish a method for a proper ascertainment thereof, and to regulate the appropriations and expenditure of the money raised and provided in accordance with the provisions of this Act and prescribing penalties for the violation of the same," which proposed amendment reads as follows: "that in each and every City of the first-class in this Commonwealth, the respective treasurers thereof shall annually reserve out of any money in the treasuries, or from the first moneys received into the treasuries of said cities of the first-class, the amounts annually required for the payment of the interest on the funded debts of said cities, together with the moneys required to be reserved for the sinking funds for the extinguishment of the said funded debts, and said reserves of moneys shall not be used for any other purpose whatsoever."

## APPENDIX No. 155.

## FIRST QUARTERLY REPORT OF THE COMMISSIONERS OF THE SINKING FUNDS FOR THE YEAR 1878.

OFFICE OF THE COMMISSIONERS,

*Philadelphia, April 1, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—In conformity with the ordinance of May 9, 1857, the Commissioners of the Sinking Funds herewith submit their report for the quarter ending March 31, 1878, exhibiting the funds which have been established since consolidation, their purposes, the operations of each during the quarter and their present condition. Also a statement of City Loans redeemed and cancelled by the Commissioners during the quarter, a synopsis of the public debt as reported at consolidation, the amount of loans issued, redeemed, and cancelled in each year since, and the total funded debt of the City of Philadelphia on the 1st of April, 1878.

The Commissioners also present a statement of the securities and real estate belonging to the City of Philadelphia, from data furnished by the different departments, in which it will be seen that the existing incumbrances have been considered and the market value only has been entered into the computation as shown in the schedule.

Respectfully submitted,

W. S. STOKLEY,  
THOMAS COCHRAN,  
ROBT. E. PATTISON,

*Commissioners of the Sinking Funds.*

Attest—W. N. HIRST,  
*Secretary.*

## APPENDIX No. 156.

## RESOLUTION

Of request to the Governor of Pennsylvania to veto a bill passed by the Legislature of Pennsylvania entitled "An Act to define the term of office and enlarge the duties of Recorders of cities of the first-class."

*Whereas*, A bill has been passed by the Senate and House of Representatives entitled "An Act to define the term of office and enlarge the duties of Recorders of cities of the first-class," in opposition to the clearly expressed wishes and plainly worded request of the Select and Common Councils of the City of Philadelphia.

*And whereas*, The said bill is distasteful to the people of Philadelphia in every way.

*And whereas*, The public press of Philadelphia have echoed the voice of the people in denouncing this measure; It is therefore

*Resolved by the Select and Common Councils of the City of Philadelphia*, That his Excellency the Governor of the Commonwealth of Pennsylvania be, and is, hereby urgently and respectfully requested to withhold his signature from said bill when presented to him, and return the same whence it came with a veto.

## RESOLUTION

Of request to the Governor of the State of Pennsylvania.

WHEREAS, The Legislature of the State were requested by Common Council to pass "An Act to authorize cities of the first class to levy and fix the annual tax-rate, and establish a method for the proper ascertainment thereof, and to regulate the appropriations and expenditure of the money raised and provided," &c., and said act was introduced and passed by the House as requested. AND WHEREAS, The said bill was thereafter amended in the Senate in such a way as to interfere with the purposes and objects of the Act, as presented, by the following amendment, "that in each and every city of the first class in this Commonwealth the respective treasurers thereof shall annually reserve out of any money in the treasuries, or from the first moneys received into the treasuries of said cities of the first class, the amounts annually required for the payment of the interest on the funded debts of said cities, together with the moneys required to be reserved for the sinking funds for the extinguishment of said funded debts, and said reserves of moneys shall not be used for any other purpose whatever," and so amended finally passed the Legislature of the State, and is now before his Excellency the Governor of Pennsylvania for his approval and signature. AND WHEREAS, The bill as amended as aforesaid will accomplish more evil than any good that its provisions can secure to the City; therefore, be it

*Resolved by the Common Council of the City of Philadelphia,* That his Excellency the Governor of the State of Pennsylvania be, and he is, hereby respectfully requested to veto

the bill entitled "An Act to authorize cities of the first class to levy and fix the annual tax rate, to establish a method for a proper ascertainment thereof, and to regulate the appropriations and expenditure of the money raised and provided in accordance with the provisions of this act, and prescribing penalties for the violation of the same," and known as "House Bill No. 92," and return the same with a veto founded upon the objections herein suggested.

*Philadelphia, May 2, 1878.*

To the Committee on Finance.

GENTLEMEN:—The Sub-Committee on Finance, to whom was referred “An Ordinance to regulate the accumulation of money to pay the interest on the funded debt,” also “Resolution to instruct the City Treasurer to set aside, of the money received from the Receiver of Taxes, as the taxes for each year are collected by him, for the payment of the interest and principal of the City debt no more than the proportionate

amount provided by ordinance," respectfully report that they have considered the same in conjunction with the City Solicitor, and after a thorough search, no law could be found that interfered in the least with the execution of this ordinance; they therefore recommend that the ordinance be reported with a favorable recommendation.

Very respectfully,

WM. S. REYBURN, *Ch'n*, F. K. WOMRATH,  
S. DAVIS PAGE, F. DUNDORE.

## AN ORDINANCE

To regulate the accumulation of money to pay the interest on the funded debt.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That from and after the passage of this ordinance, it shall be the duty of the City Treasurer to accumulate the sums of money necessary for the semi-annual payment of the interest upon the funded debt in the following manner, to wit:

1. From the first moneys received by the said City Treasurer, during the months of May and June in each year, he shall deposit in each of the said months with the fiscal agent of the City of Philadelphia, one half of the amount needed to pay the interest falling due on the succeeding first day of July.

2. From the first moneys received by the said City Treasurer, during the months of September, October, November, and December in each year, he shall deposit in each of the said months with the fiscal agent of the City of Philadelphia, one fourth of the amount needed to pay the interest falling due on the succeeding first day of January.

Should the amount of money received in any of the months named in ordinance be insufficient to pay the sum of money therein specified, then and in that case the deficiency shall be made good in the succeeding month or months.

SECT. 2. All moneys remaining in the Treasury after the making of the deposit as hereinbefore provided, and after the

payment of the appropriations to the several sinking funds, shall be promptly applied by the said City Treasurer to the payment of outstanding and current warrants, as prescribed by ordinances of December 12, 1868, and of March 1, 1873.

SECT. 3. All ordinances or parts of ordinances inconsistent herewith are hereby repealed.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the following mentioned sales of property belonging to the City of Philadelphia, made by M. Thomas & Sons, auctioneers, at public auction, on Tuesday, the ninth day of April, A. D. 1878, by order of William S. Stokley, Mayor, and William Dixey, Commissioner of Markets and City Property, pursuant to ordinance approved June 5, 1877, entitled "An Ordinance conferring on the Mayor and Commissioner of Markets and City Property authority to dispose of property belonging to the City," upon the terms, one-half the purchase money cash on the delivery of the deed, and the balance to remain for five years, to be secured by bond and mortgage upon the premises, to wit: All that lot of ground, with the three-story brick buildings thereon erected, situate on the east side of Chester street, between Vine and Sassafras (now Race) streets, in the Tenth Ward, one hundred and twenty (120) feet north of Race street, containing in front on Chester street one hundred (100) feet, and in depth east and west seventy (70) feet; bounded southward by Maple street, eastward by James street (both 20 feet wide), northward by ground of Jane Ewing, and westward by Chester street aforesaid, sold to Charles S. Caffrey for the sum of twelve thousand (12,000) dollars.

Also, all that two-story brick building and lot of ground situate on the east side of Second street, one hundred (100) feet south of Queen street, Third Ward, containing in front on Second street eighty-two (82) feet nine (9) inches, and extending in depth on the north side ninety-nine (99) feet five and three-eighths ( $5\frac{3}{8}$ ) inches, and on the south side ninety-nine (99) feet ten and one-quarter ( $10\frac{1}{4}$ ) inches to Sutherland street, gradually widening on the south side, as it extends to the rear or east end thereof, where the said lot is in width ninety-nine (99) feet nine (9) inches more or less,

sold to John McCoy for the sum of fifteen thousand six hundred (15,600) dollars.

Also, all that lot of ground, with the three-story brick buildings thereon erected, situate on the west side of Twelfth street ninety-nine (99) feet south of Parrish street, in the Fourteenth Ward, thence extending southward along the west line of Twelfth street thirty-two (32) feet, thence extending westward along the north line of a twenty feet wide court called Ely avenue sixty-one (61) feet three and one-half ( $3\frac{1}{2}$ ) inches, thence still westward along the same nine (9) feet seven (7) inches, thence northward at right angles with Parrish street thirty (30) feet eight and one-quarter ( $8\frac{1}{4}$ ) inches, and thence eastward at right angles with Twelfth street sixty-six (66) feet three and seven-eighths ( $3\frac{7}{8}$ ) inches to the place of beginning, subject to the payment of two yearly ground rents, one of eighty-four (84) dollars per annum, and the other of one hundred and fifty-six (156) dollars per annum, sold to Joseph B. Vankirk for the sum of fifty (50) dollars.

And also, all that lot of ground in the late township of Roxborough, now in the Twenty-first Ward, situate on the north-westerly side of a private road, twelve feet wide, laid out to accommodate Henry Wolf, and leading southwestwardly from Ridge avenue; beginning at the southwest corner of the Manatawna school lot, at the distance of one hundred and thirty-three (133) feet one and one-half ( $1\frac{1}{2}$ ) inches southwest of Ridge avenue, thence extending along the said twelve (12) feet wide road south fifty-three ( $53$ ) degrees west five hundred and sixty-four ( $564$ ) feet seven and one-half ( $7\frac{1}{2}$ ) inches, thence extending by ground now or late of William Wolf north thirty-six ( $36$ ) degrees forty (40) minutes west eighty (80) feet and one-quarter ( $\frac{1}{4}$ ) of an inch, thence extending north fifty-four ( $54$ ) degrees east still by ground now or late of William Wolf four hundred and thirty ( $430$ ) feet eleven and three-quarter ( $11\frac{3}{4}$ ) inches to the northwest corner of said school lot, south thirty-seven ( $37$ ) degrees east seventy-two ( $72$ ) feet two and one-quarter ( $2\frac{1}{4}$ ) inches to the first-mentioned point and place of beginning, containing one hundred and twenty (120) and eleven one hundredths ( $\frac{11}{100}$ ) perches, sold to H. R. Bickings for the sum of three hundred (300) dollars, be, and the same are, hereby confirmed.

SECT. 2. That the Mayor and Commissioner of Markets and City Property be, and they are, hereby authorized to pay off out of the proceeds of said sales a certain yearly ground rent of thirty (30) dollars, reserved by deed from William Wolf and wife to the Controllers of Public Schools of the First School District of Philadelphia, dated April 26, 1851, recorded in Deed Book G. W. C., No. 96, page 157, and to cause a proper deed of extinguishment therefor to be made to the City of Philadelphia, in fee simple, and also to pay the expenses of said sales out of the proceeds thereof.

*Provided however,* That any of said purchasers may have the option of paying the entire purchase money in cash at the time of the execution of the deed, or of paying off the amount secured by mortgage at any time within the period of five years.

## AN ORDINANCE

To approve the contracts and sureties of Edward S. McGlue, for the construction of the Clearfield street and the Eighteenth street sewers, and to restrict the lien of the judgment.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the contracts of Edward S. McGlue, for the construction of the main sewers on Clearfield street and on Eighteenth street, be, and the same are, hereby approved, and that Hiram Miller and W. F. Miller be, and they are, hereby approved as the sureties of the said Edward S. McGlue for the faithful performance of the said contracts. *Provided*, That the said contracts shall contain a clause that the said sewers shall be completed in all respects according to the plans, specifications, and estimates of the Chief Engineer and Surveyor for the sum or price, as follows: Clearfield street sewer, five feet in diameter, at five dollars and sixty-one cents per lineal foot, six feet in diameter, at five dollars and ninety-two cents per lineal foot, five thousand five hundred and twenty-eight dollars and twenty cents; Eighteenth street sewer, seven feet in diameter, at seven dollars and seventy-nine cents per lineal foot, five thousand one hundred and forty-one dollars and forty cents.

SECT. 2. That the City Solicitor be, and he is, hereby instructed to file an agreement of record restricting the lien of the judgment to be entered on the bond accompanying said contracts as against Hiram Miller to premises numbered 1902, 1916, and 1924 North Eleventh street.

APPENDIX No. 192.

*Philadelphia, May 2, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Finance having considered a resolution referred to them on January 17, 1878, upon the subject of moneys in the City Treasury, would

respectfully report, that a large part of the proceeds of a loan created on May 19, 1870, to pay off incumbrances against property owned by the City, is still in the Treasury, the loan having been sold, and interest being paid by the City upon it, as well as upon the encumbrances which have not been paid. We would therefore report the annexed ordinance to make an appropriation to the Law Department, to pay the encumbrances against property owned by the City.

## APPENDIX No. 195.

OFFICE OF THE MAYOR,

*Philadelphia, May 15, 1878.*

To the Common Council  
of the City of Philadelphia.

GENTLEMEN:—I herewith return without my approval an ordinance to approve the contract and surety of J. H. Hobart, Jr., for trestling, and the contract and surety of Cofrode & Saylor, for rebuilding west abutment of South Street Bridge, and to make an appropriation therefor.

In my opinion, the construction of a wooden trestling approach to the South Street Bridge would be insecure and dangerous in that locality by reason of fire from the engines of the West Chester and Junction Railroads, which are in close proximity to the bridge.

It would be but a temporary structure, subject to speedy decay, and affording but limited accommodations to those who are required to use the bridge.

The securities offered are non-residents of this City, and I cannot assent to the establishment of a precedent of accepting surety for the faithful performance of contracts with the municipal authorities executed by those who are not within the jurisdiction of our county courts. I therefore return the ordinance for your reconsideration.

I am, very respectfully,  
W. S. STOKLEY,  
*Mayor.*

## APPENDIX No. 196.

DEPARTMENT OF WATER,

*Philadelphia, May 16, 1878.*

To the Presidents and Members of the Select and  
Common Councils of the City of Philadelphia.

GENTLEMEN:—In obedience to a resolution of the Water Committee, I make the following statements:

In each of my reports since 1873, attention has been called to the condition of this department, the demands upon it, its requirements, and the means of meeting them. Large mains are needed in those portions of the City where the population is so dense as to exhaust the small pipes.

The high ground north of Spring Garden street and west of Broad street, has exhausted the capacity of the Belmont and Roxborough Works. During the coming Summer it may be necessary to supply part of this district from the Spring Garden basin, which is 88 feet lower than the Belmont basin, and will furnish a very inadequate supply.

The rapidly growing population on Fair Hill north of Jefferson street, and as far east as the North Pennsylvania Railroad, has little, and in many cases, no water. At Nineteenth and Walnut street, the high ground, the small mains, and the increased consumption, give just grounds for complaint. Should a fire break out in any of these districts, sufficient water could not be supplied, nor the loss to the City estimated. Therefore I ask your immediate attention to provide the means for relief as recommended in my previous reports.

Yours very truly,

WM. H. McFADDEN,

*Chief Engineer, W. D.*

## APPENDIX No. 197.

## RESOLUTION

Of instruction to the City Treasurer to pay warrants.

*Whereas*, At this time the City Treasurer has on deposit in various banks, or in his hands, or subject to his control, to meet the liabilities of the City of Philadelphia, the sum of four million two hundred and twelve thousand one hundred and forty-five (4,212,145) dollars and thirty (30) cents.

*And whereas*, Of this sum, one million eight hundred and thirty-two thousand three hundred and sixty-nine (1,832,369) dollars and sixty-seven (67) cents is held to meet the interest on the Funded Debt of said City, accruing on the first day of next July; and two hundred and three thousand nine hundred and fourteen (203,914) dollars is held to meet the requirements of the Sinking Fund on the same day; and nine hundred and seventy-six thousand one hundred and sixty-one (976,161) dollars and eighty-three (83) cents is held as the proceeds of loans of said City, duly authorized, but not yet expended; there remains a balance of one million one hundred and ninety-nine thousand six hundred and ninety-seven (1,199,697) dollars and eighty (80) cents available for general purposes.

*And whereas*, The unvaried experience of eleven years, from 1867 to 1877, both inclusive, justifies the expectation that over one million (1,000,000) dollars will be received by the City Treasurer before the first day of July next, from various sources of income open to the said City.

*And whereas*, There are now outstanding and unpaid, warrants upon the City Treasurer for the sum of ten million three hundred and forty-five thousand five hundred and eighty-seven (10,345,587) dollars and forty-three (43) cents, bearing interest at six (6) per cent., therefore, be it

*Resolved by the Select and Common Councils of the City of Philadelphia*, That the City Treasurer be, and he is, hereby instructed, directed, and required to pay one million five hundred thousand (1,500,000) dollars of such outstanding and unpaid warrants, and report his compliance with this instruction at the next stated meeting of these Councils.

## AN ORDINANCE

To place Wright, Sharswood, and Nassau streets, in the Twenty-ninth Ward, between Twenty-fourth and Twenty-seventh street, upon the City plan.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Surveys be, and is, hereby authorized to place upon the City plan, from Twenty-fourth to Twenty-seventh street, Wright street, of the width of twenty-five feet, and at the distance of ninety-five feet south of the south side of Jefferson street; Sharswood street, of the width of forty feet, and at the distance of two hundred and twelve feet south of the south side of Jefferson street, and Nassau street, twenty-five feet in width, and at the distance of ninety feet two and one-half inches north of the north side of Master street, being a continuation of said street as now laid out east of Twenty-fourth street, in the Twenty-ninth Ward.

## APPENDIX No. 199.

*Philadelphia, May 15, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying applications for sewers, respectfully report that we have received the results of examinations made, in each case, by the Board of Surveyors, who approve their construction, and from whose statements we find their aggregate length to be 2,964 feet, costing to the property owners upon the lines thereof \$6,230, and to the City not exceeding \$400. Coinciding, as we do, with the Board as to their necessity, we recommend that the annexed ordinance authorizing their construction receive your favorable consideration.

## AN ORDINANCE

To authorize the construction of sewers on Sixth, Carlisle, Sansom, Twelfth, Seventeenth, and Forty-second streets.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the Department of Highways be, and is, hereby authorized to construct the following sewers, viz.:

On Sixth street, connecting with the sewer at Federal street, and extending to the north line of Washington avenue.

On Carlisle street, from sewer at Thompson street to the north curb line of Girard avenue.

On Forty-second street, from the sewer in Chesnut street southward to Sansom street, thence eastward along Sansom street to a point three hundred and fifty feet east of Forty-first street.

On Twelfth street, from Locust to Walnut street, and

On Seventeenth street, from sewer in Poplar street to the north line of Cambridge street.

Said sewers to be built of brick, circular in shape, and in accordance with specifications prepared by the Chief Engineer and Surveyor.

SECT. 2. The Chief Commissioner of Highways shall advertise according to law, announcing that bids will be received for the sewers above designated, and he shall allot them to the lowest bidders, and it shall be a condition of the contracts that the contractor shall keep the said sewers and that portion of the street along which the said sewers shall be laid in good order and repair for three years from and after the date of the completion of the said sewers, and shall accept the sums assessed upon and charged to the properties lying on the lines of said sewers in manner and form authorized by ordinance entitled "An Ordinance regulating the assessment upon property for the construction of branch culverts or drains," approved May 12th, 1866, and supplement thereto approved February 16th, 1869; any excess over and above said assessment, in addition to that provided for by ordinance entitled "An Ordinance authorizing the Chief Commissioner of Highways to draw warrants for street intersections, manholes, and legal deductions in the construction of branch sewers," approved April 3d, 1868, to be charged to item (for branch sewers) of annual appropriation made to the Department of Highways for the year 1878: *Provided*, said excess shall not exceed the sum of four hundred dollars (\$400).

## APPENDIX No. 200.

*Philadelphia, May 16, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN :—The Committee on Finance respectfully report, that they have had the subject of mandamuses against the City under consideration, and referred the same to a Sub-Committee, the report of which is hereto appended. The Committee request that the report may be printed in the Appendix to the Journal of Common Council.

LOUIS WAGNER, <i>Ch'n</i> ,	EDWARD MATTHEWS,
GEO. A. SCHAFER,	JOHN HUNTER,
T. W. MARCHMENT,	DAVID WALLACE,
THOS. M. HAMMETT,	M. ROWLAND,
GEO. S. GRAHAM,	F. K. WOMRATH,
JOHN A. CLARK,	HENRY GLASS,
WM. ARMSTRONG,	S. DAVIS PAGE,
JOS. C. HERR.	

To the Chairman and Members  
of the Finance Committee.

Your Sub-Committee, to whom was referred the subject of mandamus executions against the City of Philadelphia, would respectfully report, that they have had a conference with the City Solicitor, and have discussed with him the various questions submitted to them.

The right of judgment creditors to have mandamus executions against counties, exists by reason of the provisions of the Act of April 15, 1834.

This law provides that, "If the judgment shall be obtained against a county," in any action or proceeding, the party entitled to the benefit of such judgment may have execution thereof, as follows, and not otherwise, viz. : It shall be lawful for the Court in which such judgment shall be obtained, or to which such judgment may be removed by transcript from a justice of the peace or alderman, to issue thereon a writ commanding the commissioners of the county to cause

the amount thereof, with the interest and costs, to be paid to the party entitled to the benefit of such judgment out of any moneys unappropriated of such county, or if there be no such moneys, out of the first moneys that shall be received for the use of such county, and to enforce obedience to such writ by attachment.

No other method can be pursued than that which is pointed out by the Act. There can be no seizure, extension, or sale of the property of the county.

*Wilson vs. Huntingdon Co.*, 7 W. & S., 200.

A *Fi. Fa.* in the ordinary form cannot issue upon a judgment against the City of Philadelphia; the writ must be a *mandamus* execution, under the Act of April 15, 1834.

*Monaghan vs. The City of Philada.*, 28 Penn. St. Rep., 207.

It is very clear that none of the property of a municipal corporation, whether real or personal, necessary to the corporation for governmental purposes, could be seized and sold, even if the usual process for collecting a judgment could issue against such corporation.

*Ibid.* p. 207.

A township cannot give bail for stay of execution.

2 Miles' Report, p. 397.

This decision covers the case of counties to which the same law applies.

It is impossible for the City of Philadelphia to avoid paying her debts, or to prevent the issuing of mandamuses against her for judgments lawfully obtained. It would be unquestionably competent for the Legislature to enact a law granting a stay of execution on all judgments for one year after the same shall have been obtained against the City.

It may, however, be seriously questioned, whether the law itself does not provide such protection as may prevent money being suddenly taken from the City Treasury under writs of mandamus execution, to the exclusion of the warrants of municipal creditors who have a right to payment out of moneys previously appropriated to them. This question has already received judicial consideration in several reported

cases. In the case of the Commonwealth *ex. rel.* David R. Coon *vs.* Floyd, Treasurer of Alleghany County, the Court of Common Pleas of Alleghany County decided that only unappropriated moneys of the county should be applied by the Commissioners to the payment of judgments or executions, and that the annual estimate by the Commissioners of the probable expenses of the county for the ensuing year, is an appropriation of the money which may be collected for the specific purpose for which it was levied and collected. In construing the provisions of the Act of 1834, the Court says: "The Act already referred to provides that the Commissioners shall cause judgments, &c. to be paid out of any moneys unappropriated of the county, or if there be no such moneys, out of the first moneys that shall be received for the use of the county." The phraseology of the latter part of the preceding sentence is somewhat ambiguous, but will fairly and naturally bear the construction of "*first unappropriated* moneys," and it is palpable that the reasons which induced the Legislature to exempt money appropriated in the hands of the Treasurer at the time of the service of the writ on the Commissioners, apply with equal force to appropriated moneys which may be paid into the Treasury the next day, or the next hour. The obvious intent was not to allow moneys appropriated to a specific purpose to be diverted to pay judgments or executions.

In the opinion of JUDGE STERRETT, delivered in the same case, he says: "Apart from all other considerations, a sound public policy forbids that the funds necessary to defray the ordinary current expenses of the county should be withdrawn from the Treasury, and applied to other purposes. The public necessity and welfare transcend everything else." All other interests are necessarily subservient. And this is the view that has been uniformly taken by our Courts in every case where the question has arisen.

1 Wharton, 3. 2 Wharton, 294.

These cases both arose since the Act of 1834. They were both rules for mandamuses on the County Commissioners to draw warrants on the treasurer. In the first case the Commissioners answer "that there is no money in the treasury, except that which is wanted to defray the ordinary and current expenses of the county." The Supreme Court, in de-

ciding that the answer was sufficient, say, "We should probably stop the wheels of government if the mandamus were allowed." In the other case the answer of the Commissioners is "that there is no money in the treasury which is not wanted to defray the ordinary current expenses of the county, and that there is not sufficient even to defray them." Mr. Justice Sergeant, in delivering the opinion of the Court, sustaining the answer and refusing the mandamus, says, "the County Commissioners must exercise a sound and just discretion in reserving money to defray the current expenses of the county, *because they are of the first importance to the welfare of the public.*"

In the case of *Loute vs. The County of Allegheny*, 10 Pittsburgh Law Journal, 241, decided in the United States Circuit Court, Western District of Pennsylvania, it was held by Judge Grier that the duty of the Commissioners on whom process of mandamus is served under the Act of 1834, was as follows:

1. If there be money enough in the Treasurer's hand, *unappropriated by previous orders*, the exigencies of this writ required that the Commissioners cause it to be paid to the party.

2. If there be not money enough in the treasury to satisfy the whole judgment, it is their duty to pay it out of the first money received.

3. If the taxes of the current year are insufficient to pay the judgments and other expenses of the county, it is their duty to assess and collect on the next year a sufficient sum for this purpose.

4. The judgment of the Court is, an appropriation of all the money in the treasury not already drawn or appropriated by previous county orders in payment of previous demands, audited and allowed by the Controller; and also of the first money thereafter received for the use of the county."

From the tenor of these decisions, your Sub-Committee arrive at the conclusion that the Treasurer in this county would be justified in refusing to pay during the current year any money from the Treasury under writs of mandamus in

excess of the amounts contained in the estimate of the Controller or of the Finance Committee of Councils, applicable to such purpose, since no other moneys are now in the treasury or will come in during the present year, except such as are already appropriated. When the amount standing to the credit of mandamuses is exhausted, the City Treasurer should make a proper return to the Court from which any mandamus on him shall issue, setting forth the fact, and should report the same to Councils, whose duty it would then be to assess for the next year a sufficient sum for the purpose.

It would be expedient for Councils to annually make an appropriation to cover the estimated amount required during the following year to meet mandamus executions. If the execution creditor could be paid by a warrant or order drawing interest from the time of presentation to the City Treasurer, the difficulty now experienced would cease, as the holder could at once sell his claim at par or at a slight discount, and the warrant would take its order of priority of payment with other City warrants, and pass into the general floating debt of the City.

GEO. S. GRAHAM,  
F. K. WOMRATH.

To the Chairman and Members  
of the Finance Committee.

Your Sub-Committee, to whom was referred the ordinance to make an appropriation of four thousand dollars to the Law Department to pay Sheriff's costs, respectfully report, that the appropriation is rendered necessary by the inadequacy of Item 3 in the annual appropriation to the Law Department for the year 1878. The chief expense under this item has been in the issuing of writs of *Scire Facias* to revive municipal claims. The costs in each such case is \$9.25. Your Sub-Committee are informed that the Law Department has already issued two hundred and nineteen of these writs, and that it will be requisite, before the end of the year, to issue probably five hundred in all.

Your Sub-Committee have also added three additional

items to the ordinance, \$1,000 to pay experts and witnesses, \$500 to pay for printing and stationery, and \$500 to pay E. Spencer Miller, Esq., for the argument of the Public Buildings case before the Supreme Court.

The appropriation of \$1,000 is rendered necessary on account of the unusual expense, amounting to \$852.67, in the Kensington & Oxford Turnpike case, consuming a large portion of Item 4 of this year.

Item 11 will be expended in the Hart Creek Sewer case, which renders an additional appropriation of \$500 requisite to pay for experts and witnesses in other cases.

All of which is respectfully reported.

JOHN A. CLARK, *Ch'n.*

### AN ORDINANCE

To make an appropriation to the Law Department to pay costs, experts, fees, and for printing, and stationery.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain.* That the sum of six thousand (6,000) dollars be, and the same is, hereby appropriated to the Law Department for the following purposes, viz. :

Item 1. To pay Sheriff's costs, four thousand (4,000) dollars.

Item 2. To pay experts and witness fees, one thousand (1,000) dollars.

Item 3. To pay for printing and stationery, five hundred (500) dollars.

Item 4. To pay E. Spencer Miller, Esq., his fee for arguing the Public Buildings' case in the Supreme Court, five hundred (500) dollars. And warrants shall be drawn by the City Solicitor in conformity with existing ordinances.

GEN. LOUIS WAGNER:

DEAR GENERAL:—The bond entered by my people is in \$2,000, or more. I tried very hard this morning to get hold

of the bond to show you. I saw Judge Ashman about the matter this morning. I may get the bond before your meeting this afternoon. The ordinance of 1875 required us to give security for all damages over \$1,000. Yesterday the jury reaffirmed their former decision of \$700. I am confident that our bond already entered is sufficient to indemnify the City, and the parties on the bond I know to be good.

Yours respectfully,

WM. H. STAAKE.

AN ORDINANCE

To authorize the Mayor to enter security for damages arising from the opening of Vienna street.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain, That the Mayor be, and is, hereby*

authorized and requested to enter security on behalf of the City of Philadelphia, in the sum of two thousand (2,000) dollars, for the payment of any damages that may arise for the opening and taking for public use of that portion of Vienna street, from Belgrade street to Gaul street, in the Eighteenth Ward, authorized to be opened by ordinance of Councils approved the twelfth day of October, Anno Domini eighteen hundred and seventy-five (A. D. 1875). *Provided*, That nothing in this ordinance contained shall be construed to affect in any wise the force or validity of a certain bond heretofore filed in the Law Department of the City of Philadelphia, in accordance with the first proviso of the ordinance aforesaid.

To the Chairman and Members  
of the Committee on Finance.

GENTLEMEN:—The Sub-Committee, to whom was referred the memorial of the Germantown and Perkiomen Turnpike

Company, respectfully report that they have heard the memorialists, and after consultation with the City Solicitor, your Committee find the following to be the facts of the case.

The petitioners are the owners of a lot on which a small stone house was formerly erected, situate on Evergreen avenue, near the main street, Chestnut Hill.

On April 28, 1857, the Survey Department placed Evergreen avenue on the plans of the City, extending it through the lands of the memorialists. This plan was duly approved by the Court of Quarter Sessions. Subsequently, to wit, on October 13, 1869, Councils passed an ordinance referring to Evergreen avenue, in the following words :

*“Resolved by the Select and Common Councils of the City of Philadelphia, That the Department of Surveys be, and is, hereby authorized and directed to revise plan No. , as filed in the Department of Surveys, embracing Evergreen street, between the Turnpike road and Chestnut Hill Railroad, in the Twenty-second Ward, by extending the line of Twenty-fourth street, from Highland avenue to Evergreen street, and so changing the line of Evergreen street, between the said Twenty-fourth street and the railroad, that it may be a direct extension of Evergreen street, as now laid out on the easterly side of the railroad.”*

The plan of Evergreen avenue was accordingly revised by the Department of Surveys on October 18, 1869, and the revised plan was subsequently, to wit, on November 29, 1869, confirmed by the Court of Quarter Sessions.

The Highway Department appears to have regarded the above ordinance as authorizing the actual opening of the avenue on the ground, and accordingly in the month of July, 1875, they tore down the stone house, sold the material, paid the proceeds into the City Treasury, and ran the street over the land belonging to the Turnpike Company. The Water Department then laid water-pipes along the ground, and sent to the Company a bill for the same. This, it would seem, was the first notice the petitioners had of the proceeding. Upon complaint they were advised to apply to the Court for the appointment of a jury. This was done. The Court appointed Lewis Wunder, Wm. Moran, E. J. Nichols, W. T. McBride, George M. Snowden, and Wm. Reed, and after a

number of meetings and the hearing of several witnesses, the jury allowed \$2,137 $\frac{45}{100}$  as damages, all of which they found should be paid by the City. This award was about \$1,000 less than the Company claimed.

General Collis filed exceptions on behalf of the City. The principal objection to the finding of the jury was the absence of any ordinance ordering the opening of the street. The court sustained this exception, and the petitioners are now driven to apply to Councils for relief.

If Councils refuse the application, the only remaining remedy would be an action against the Commissioners who opened the street. If they should prove irresponsible, nothing could be recovered. If they were able to respond they would be compelled to pay several thousand dollars for no private advantage gained by them, but for property now in the use of the City. The Committee agree in condemning the action of the department as unauthorized by any ordinance, but as it is very likely that the proceeding arose from a mis-conception of the ordinance above quoted, they do not feel disposed to recommend the suing out of the official bond of the Commissioners.

With reference to the Company, the Committee, after consultation with the City Solicitor, are of opinion that the City having now the proceeds of the house in the treasury, and having occupied the land for laying pipe, and for all the purposes of a highway, should give reasonable compensation to the memorialists. It is believed that the award of the jury will accomplish this result. The Company claimed \$1,000 more; but the Committee do not feel disposed to go beyond the sum found. The Committee therefore recommend the adoption of the ordinance herewith reported, and ask to be discharged from the further consideration of the subject.

Respectfully submitted,

F. K. WOMRATH, *Ch'n*,                      JAS. R. GATES,  
JOHN C. BICKEL.

### AN ORDINANCE

In reference to Evergreen avenue and for the confirmation of the report of damages for opening the same.

SECTION 1. *The Select and Common Councils of the City of Philadelphia do ordain*, That the exceptions of the City

to the award of the jury filed in the Court of Quarter Sessions of Philadelphia County, on January 31, 1877, in the matter of the opening of Evergreen avenue, in the Twenty-second Ward, be withdrawn, and the City Solicitor is hereby directed to agree that the order sustaining said exceptions be vacated, and that the report of the jury be confirmed.

*Philadelphia, May 25, 1878.*

To the Finance Committee of Councils.

GENTLEMEN:—In compliance with ordinance approved May 9, 1878, entitled "An Ordinance to require the City Controller to report all warrants countersigned by him, and all mandamuses paid by the City Treasurer weekly," I herewith transmit my report for the week ending May 25, 1878.

The City Treasurer reports having made no payments on mandamus the past week.

Very respectfully,

ROBT. E. PATTISON,

*City Controller.*

*Philadelphia, June 3, 1878.*

To the Chairman and Gentlemen of the Finance Committee  
of the Select and Common Councils.

Your Sub-Committee, to whom was referred the matter of the cancellation of so much of the appropriation for land damages, made to the Commissioners of Fairmount Park, by ordinance approved Oct. 21, 1872, as remained unexpended on March 20, 1878, amounting to \$192,440.18, having given the subject careful consideration, respectfully report that the balance of said loan, called "Park Loan No. 3," reduced on May 15, 1878, to \$186,605.93, is absolutely required for the purposes for which the loan was created, and must be used in the payment of damages already awarded or about to be necessarily incurred.

JAS. R. GATES,                      S. DAVIS PAGE,  
F. K. WOMRATH.

LAW DEPARTMENT,

*Philadelphia, March 16, 1878.*

S. C. COLLINS, ESQ.,

Chairman Sub-Committee water extension.

DEAR SIR :—In response to your communication of yesterday, asking "can the balance of the loan created for the purpose of paying land damages for the Park, be diverted for the use of extension of Water Works, the purpose for which said loan was created having been accomplished, balance remaining about \$200,000," and requesting my opinion thereon, I beg leave to reply,

1. That the Act of Assembly of April 14, 1868, section 1, in defining the boundaries of the Park, expressly excepts such ground "as the City of Philadelphia may from time to time require for the purposes of its water department."

2. That by section 11 of the same act, "The City of Philadelphia shall be authorized and required to raise by loans, such sums of money as shall be necessary to make compensation for all grounds taken for said Fairmount Park, and for the laying out thereof for public use; and shall also provide

for the payment of the interest on all said loans, and the usual sinking fund for the redemption thereof."

3. That the Act of Assembly of April 21, 1869, section 3, provides "that all moneys raised by the City of Philadelphia by loans, for the purchase of grounds for the Fairmount Park and the laying out thereof, shall be kept separately by the Treasurer of the said City, and shall be appropriated and paid for no other purposes."

I am, therefore, of the opinion that the balance of the Park loan cannot be diverted for the use of extension of Water Works.

Very truly yours,

WM. NELSON WEST,  
*City Solicitor.*

## APPENDIX No. 250.

MAYOR'S OFFICE,

*Philadelphia, June 20, 1878.*

To the Select and Common Councils

of the City of Philadelphia.

GENTLEMEN:—I herewith transmit for your consideration a communication from the Commissioner of Highways with a certified copy of the presentment of the Grand Jury in reference to the dangerous condition of the Mill Creek culvert.

I am respectfully,

W. S. STOKLEY,

*Mayor.*

DEPARTMENT OF HIGHWAYS, BRIDGES, AND SEWERS,

*Philadelphia, June 19, 1878.*

HON. WM. S. STOKLEY,

Mayor.

DEAR SIR:—At the request of his Honor Judge Pierce, I herewith transmit to you the presentment of the Grand Jury in reference to the dangerous condition of the Mill Creek culvert, and remain

Very respectfully,

WILLIAM BALDWIN,

*Chief Commissioner of Highways.*

IN THE COURT OF QUARTER SESSIONS, &C., FOR THE CITY AND  
COUNTY OF PHILADELPHIA.

To the HON. W. S. PIERCE.

The Grand Jury to whom you referred the present dangerous condition of Mill Creek culvert, would say :

We have examined the culvert inside, and as much as we could outside, and find the same in a very dangerous condi-

tion. There appears to be several places liable to break in at any time, especially at Locust and Forty-third streets. The repairing this culvert does not commend itself to our judgment, and appears to be only a temporary makeshift and waste of money. We are informed that there is an ordinance authorizing Forty-third street curbed and paved, but the Chief Commissioner of Highways has held the work in suspense, being afraid the additional weight will collapse the whole thing.

We are aware that the building of a new culvert now with the depressed condition of City finances is not a pleasant prospect, but one dollar spent now may save five dollars expense in the near future.

From the information we can reach, it appears this culvert was built on made ground, and the supports are not high enough or strong enough, the bottom is settling, sides pushing out and top falling in.

We make the following suggestions :

1st. That Forty-third street be closed, absolutely closed, until the culvert is properly repaired or rebuilt.

2d. That the proper City authorities appoint a commission of engineers and experts, men not engaged or interested in City work, who shall have authority to uncover the culvert at different points, examine the bottom, sides, supports, and top, also the inside, and make a practical scientific report on the present work, and whether it can be properly repaired or should be rebuilt.

We have not entered upon the question of who built this culvert, and whether the conditions of the contract were properly filled, for two reasons :

1st. We did not understand the instructions from your Honor pointed to such investigations.

2d. Because, although the moral responsibility always remains, the legal liability has long since passed away.

For the jury.

GEO. W. VOGEL,  
*Foreman.*

WM. HOBART BROWN,  
*Secretary.*

I certify that the foregoing is a true copy of a special presentment of the Grand Jury, for June Term, 1878, made to

the Court June 17, 1878, as the same now remains of record in the office of the said Court of Quarter Sessions, &c.

Witness my hand and the seal of said Court, this 18th day of June, 1878.

[SEAL.]

J. P. GALTON,  
*Pro Clerk.*

## APPENDIX No. 252.

## RESOLUTION

Of instruction to the City Solicitor.

WHEREAS, It has been earnestly alleged on the floor of Councils, and confidently asserted in Committee, that by some contract or agreement with some of the banks made depositaries of the moneys of the City of Philadelphia, the Treasurer of the said City now in office, as well as his immediate predecessor in the same, is deriving, and has derived, benefit, gain, and advantage from the deposit with such banks of the money or securities held by them, or which were in their possession, or under their control, by virtue of the said office so enjoyed by each of them; AND WHEREAS, Any such contracts or agreements are directly in violation of the law, and any such benefit, gain, or advantage to such servants of the City thus accruing is due to and of right belongs to the said City of Philadelphia; therefore, be it, and it is hereby

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the City Solicitor be, and he is, hereby instructed and directed to proceed in equity, on behalf of the said City, against Delos P. Southworth and Peter A. B. Widener, for the collection and recovery from them, and each of them, of any and all benefits, gains, and advantages by these, the present and former servants of the said City, derived from contracts or agreements with banks made depositaries of the moneys of the said City, for the deposit of said moneys, and for a proper and correct accounting of the same to the said City.

## APPENDIX No. 253.

*Philadelphia, June 20, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN :—As Chairman of the Special Committee appointed on resolution in relation to Public Buildings Commission (Common Council Appendix, No. 102), adopted March 14, 1878, I have to report progress made, and ask that the Committee be continued.

We found that both Houses of the Legislature had adopted a resolution that no new business should be introduced after the 15th March, 1878, and no referred business should be reported after March 25, 1878. We found that the Act transferring powers of the Building Commission, presented by the member from the Twenty-third Ward (Common Council Appendix, No. 39), reported from Finance Committee on January 31, 1878, had not been advertised, as required by law.

We prepared, and had presented in the Senate and House of Representatives, such a bill as obviated the necessity of advertisement, and we hoped that the bill in any event would receive some consideration at the hands of one of the said branches of the General Assembly of the State, but a suspension of the rules was refused in both branches, and the bill was not even received by either.

On behalf of the Special Committee, and in accordance with their views, I ask that the Committee may be continued, until the meeting of the next Legislature of the State, when its chairman, as directed by the Special Committee, will present, or have presented to the said Legislature, after proper advertisement, the special Act referred to the Legislature by resolution of these Councils, as reported as aforesaid.

S. DAVIS PAGE,  
*Chairman.*

## APPENDIX No. 254.

ANNUAL REPORT OF THE BOARD OF FIRE  
COMMISSIONERS.

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—The Board of Fire Commissioners respectfully submit this their Seventh Annual Report of the condition and operation of the Department for the year ending December 31, 1877. Annexed hereto is a statement in detail of the expenditures, rolls of the several companies, the apparatus and material owned by the City, and under the charge of this Department, together with a statement of fires and alarms which have occurred during the past year, with the losses and insurance on the property exposed, and other matters of such general character as will tend to a correct knowledge of the workings of the Department.

In maintaining its efficiency, the Department has fulfilled the wishes of its founders. Trained in the rigid school of discipline, the Philadelphia fireman to-day stands in the front rank of the Departments of the world, and to his untiring watchfulness and energy, is attributed our immunity from large conflagrations for a number of years back. And when, during the past year, a large fire did occur, it was the result of a cause far out of the control of the members of the Department; but had it not been for the desperate energy, daring, and intelligence displayed, the conflagration of north Fourth street would have involved the loss of millions of property, and the laying waste of the fairest business portions of the City.

In a recent communication to your Honorable Bodies, your Board took occasion to call attention to the fact that this

Department was sadly in need of sufficient *good and reliable* hose for the use of the City. The citizen depends for protection on this Department in cases of calamity such as destructive conflagrations produce, and your Board would consider themselves derelict in their duty should they remain silent in the matter, when at every moment the City is in a danger that we are, in a measure, unprepared to combat successfully. Your Board would consider themselves false to the trust reposed in them by a confiding people, were they longer to conceal a fact patent to every one who visits a fire ground, and that is, the *almost utter worthlessness* of the hose now in use in the Department. There should be other modes of *bidding*, and other modes of manufacture, for as far as your Board are judges of the matter, the latter invariably follows the former. As the lower the bid, as a matter of course the more worthless the material furnished. The low cost looks well on paper as a buncomb report, but a terrible mistake when life and property are at stake. To overlook the matter would be almost criminal. We feel that we have done our duty in calling attention to the matter; the remedy lies within the province of your Honorable Bodies.

There are at present in use in this Department 50,000 feet of hose, of which but 15,000 feet can be depended on as reliable, having been purchased within a few months past. The balance is utterly useless, having been purchased for its cheapness; made of inferior material, deteriorating rapidly, and uncertain at all times, bursting at slight pressure, and only a delay and a hindrance on the fire ground.

The experience of the past year has favorably tested the experiment of the Repair Shop. It is a success, whether viewed as a convenience or in a financial light. Its capacity, not only for the prompt repairing, but also for the construction of apparatus, has been satisfactorily tested, and it stands

to day as a feature of the first importance to the Fire Department. We would earnestly ask for a slight increase of the force there employed, as the number of men now there is altogether inadequate to the work needed.

In conclusion, the Commission desire to avail themselves of this opportunity, to express their thanks to the Committee on Fire Department, for their earnest co-operation in all matters tending to the success of the Department.

## REPORT OF CHIEF ENGINEER.

*Philadelphia, January 1, 1878.*

To the President and Members of the  
Philadelphia Fire Commission.

GENTLEMEN:—In accordance with the requirements of the eleventh section of the ordinance, approved on the 29th day of December, 1870, creating and reorganizing the Fire Department of the City of Philadelphia, I have the honor to submit this the Seventh Annual Report of the present condition and efficiency of the Department in my charge, embracing a statement in detail of the number of fires, and the causes of such fires, the losses, and the insurance for the year, as near as has been possible to obtain them. Also, a full and complete list of all the employees attached to the Department, with the name, age, rank, residence, and occupation, with a schedule of property held in charge by the different companies on the first day of January, 1878. Also, a tabular statement of the number of alarms by days; number of first, second, and third alarms; false alarms; fires where the losses have reached \$20,000; chief and assistant engineers' attendance at fires; company attendance at fires; together with such other information as may be of benefit for future reference.

The department as now organized consists of—

One chief engineer.

Five assistant engineers.

Twenty-eight foremen of engine companies.

Five foremen of hook and ladder companies.

Twenty-eight engineers of companies.

Twenty-eight firemen of companies.

Thirty-three drivers of companies.

Five tillermen of hook and ladder companies.

Two hundred and sixteen permanent hosemen.

Fifty permanent hook and ladder men.

Eight temporary hosemen located in the rural districts.

Three permanent hosemen at hand engine stations.

They are divided into thirty-three companies, as follows :

Twenty-eight steam engine companies, five hook and ladder companies, with the addition of hose and hose carriage. There is also a hook and ladder truck at stations Nos. 12, 14, and 19, for use in rural districts.

There is a hand engine, hose, and hose carriage, and all the necessary equipments, at each of the following rural stations : Chestnut Hill, Roxborough, and Kingessing.

There are also in the Department seven steam engines and two hook and ladder trucks used as substitutes.

### *Hose.*

There are in use at stations, forty-three thousand six hundred feet of rubber hose; also, one thousand feet of linen hose, rubber lined, all with the Jones patent coupling.

### *Fuel Wagons.*

There are six fuel wagons in the department, each capable of carrying one ton of engine coal and one-half cord of wood, to be used in case of large fires, where more fuel is required than is carried by the engines.

One stationed at head-quarters, No. 1328 Race street.

One stationed at Station No. 10, No. 810 Morris street.

One stationed at Station No. 26, No. 1013 Hamilton street.

One stationed at Station No. 27, No. 2202 Columbia avenue.

One stationed at Station "C," corner of Sepviva and Norris streets.

One stationed at Station "E," corner of Twentieth and Hand streets.

### *Fires.*

The accompanying statement shows that the whole number of fires attended by this Department during the past year, was six hundred and ninety-nine (699), with a loss of property amounting to eight hundred and twenty-seven thousand four hundred and nineteen (827,419) dollars, which, by a comparison with the previous year, shows a decrease of one hundred and eleven (111) fires, and a decreased loss of property of five hundred and thirty-nine thousand four hundred and eighty-five (539,485) dollars. The losses, as near as could be ascertained, are covered by insurances amounting to four million four hundred and fifty-one thousand one hundred and fifty (4,451,150) dollars.

### *Conclusion.*

To the Officers and Members of the Fire Department, I desire to return my heartfelt gratitude for the faithful and efficient manner in which they have discharged the duties assigned them, and they deserve the highest praise for the promptness with which they have performed every task, no matter how severe, and for the universal spirit they have shown toward keeping up the credit and good name of the Fire Department.

The efficient workings of the Department have been promoted by the intelligent and prompt manner with which

Assistant Engineers Joseph T. Hammond, William A. Porter, Thomas Nicholson, James C. Baxter, and William F. Mooney, have at all times performed their duties.

The Officers and Members of the Department have behaved as true firemen and good citizens, and have acted with but one object in view, that being the protection of life and property from destruction by fire.

In closing this report, I desire to return my thanks to President Atwood Smith, Captain George R. Stilman, and Assistant Captain J. Henry Stephens of the Fire Insurance Patrol, and to the efficient and ever active body of men attached to that organization, who have at all times rendered valuable assistance to the Department. I also bear testimony to the worth of their late fellow member, Frederick Newman, who lost his life while in the performance of his duties on the morning of February 25, at fire of Rogers & Co., carriage repository, No. 1009 Chestnut street.

I also return my sincere thanks to his Honor the Mayor, William S. Stokley, Chief of Police Kennard H. Jones, Fire Marshal James S. Thompson, and the officers and men under their command, and to the officers and men attached to the Delaware and Schuylkill River Police and Fire Tug Boats, for their ever prompt assistance rendered in time of need.

And to the President and members of the Fire Commission, I offer to each of you, my thanks for the many acts of kindness done, and valuable suggestions offered to me in our official relations, and I only trust that my humble efforts to protect the property of our fellow citizens may merit the favor I receive, and the confidence which has been so fully accorded me.

Respectfully submitted,

WILLIAM H. JOHNSON,

*Chief Engineer, Fire Department.*

DEPARTMENT OF CITY CONTROLLER,

*Philadelphia, June 17, 1878.*

To the Finance Committee of Councils.

GENTLEMEN:—In compliance with ordinance, approved May 9, 1878, entitled “An Ordinance to require the City Controller to report all warrants countersigned by him, and all mandamuses paid by the City Treasurer weekly,” I herewith transmit my report for the week ending June 15, 1878.

The City Treasurer reports having made no payments on mandamuses, the past week.

Very respectfully,

ROBERT E. PATTISON,

*City Controller.*

## APPENDIX No. 264.

*Philadelphia, June 19, 1878.*

To the Select and Common Councils

of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was referred the accompanying petition to change the grades on Thirty-second and Locust streets, beg

leave to report that the required change can be made without detriment to the public interests, while by the provisions of the ordinance submitted the City will be secured against any cost for damages to property affected by the change. The passage of the accompanying ordinance is recommended.

### APPENDIX No. 265.

*Philadelphia, June 20, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—Your Committee on Surveys and Regulations, to whom was recommitment the ordinance (Appendix No. 198) to place Wright, Nassau, and Sharswood streets, between Twenty-fourth and Twenty-seventh streets, upon the City plan, have carefully considered and herewith return the same, with the recommendation that it be passed.

Notice was given to the Mayor of the City of Philadelphia, the Commissioner of City Property, the City Solicitor, and to all persons having title to property affected by the proposed ordinance, so far as the same could be ascertained, to be present at the meeting of the Committee held on Wednesday, June 12, 1878, at the office of the Survey Department, to consider the ordinance.

The location of the streets, as readjusted by the Board of Surveyors, will require, when the streets shall be opened by a future ordinance, the removal of four brick houses, two stories each in height, and the taking of about two feet off of another house.

The expense which will be incurred in the future opening of this street has been estimated by the Chief Engineer and Surveyor, assisted by the District Surveyor, at the maximum amount of eight thousand dollars.

A letter from the Chief Engineer and Surveyor to this effect will be found annexed to this report. Also, a communication from the owners of property on Jefferson and Master streets, and from the Mayor and Commissioner of City Property, on behalf of the City of Philadelphia.

OFFICE CHIEF ENGINEER AND SURVEYOR,

*Philadelphia, June 19, 1878.*

JOHN A. CLARK, Esq.,

Chairman of Committee on Surveys.

DEAR SIR :—At your request, I have examined plans and estimates of value of houses and lots taken by the proposed opening of Wright, Sharswood, and Stewart streets, from Twenty-fourth to Twenty-sixth streets, according to ordinance now pending before Councils, and from the best infor-

mation I have obtained I estimate \$8,000 as the maximum amount of damages.

Yours truly,

SAML. L. SMEDLEY,

*Chief Engineer and Surveyor.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—The undersigned, owners and representatives of the owners of all the lots of ground fronting on Jefferson street, from Twenty-fourth street to Twenty-seventh, three squares of ground, or 1,200 feet, and representing 1,100 feet of the ground fronting on Master street, respectfully request you to pass the bill now under consideration before your honorable bodies to place Wright, Sharswood, and Nassau streets on the plan of the City, the same as now laid out east of Twenty-fourth street to Twenty-first street and Ridge avenue.

The properties on all sides of these lots are built upon, yielding a large revenue by way of taxes, and if these streets are located as prayed for, the City will be able to dispose of the portion owned by them immediately. The undersigned owners agree to dedicate their ground for street purposes free of any expense to the City.

In view of these facts, and the necessity existing for the opening of the said streets, we earnestly request, as two committees have acted thereon and approved of the same, that immediate action be taken to pass the ordinance, being satisfied it will, if passed at once, save considerable expense to the City.

WILLIAM H. SHELMEKDINE, 200 feet on southwest corner of Twenty-fourth and Jefferson streets.

WILLIAM R. LEEDS, 200 feet on Jefferson street, southeast corner of Twenty-fifth and Jefferson streets.

M. J. MITCHESON, 200 feet on southwest corner of Twenty-fifth and Jefferson streets.

WILLIAM S. STOKLEY, Mayor, WILLIAM DIXEY, Commissioner of City Property, for the City of Philadelphia,

600 feet on Jefferson street, running through 455 feet, and containing 600 feet on Master street.

H. CRAWFORD COATES, 500 feet fronting on Master street, and 227 feet in depth.

## APPENDIX No. 266.

*Philadelphia, June 20, 1878.*

To the Select and Common Councils  
of the City of Philadelphia.

GENTLEMEN:—The Committee on Police, to whom was referred a petition of citizens of the Twenty-fourth Ward for a change in the ordinance providing for the driving of cattle through the streets of the City, respectfully report that they have considered the same, and report it back with a negative recommendation, and request the passage of the annexed resolution.

E. H. HAYHURST, <i>Ch'n</i> ,	JAMES C. ADAMS,
HENRY WEICHELBAUM,	G. A. ENO,
JOHN FULLERTON,	JOHN McCULLOUGH,
W. ELLWOOD ROWAN,	AMOS M. SLACK,
JAMES MORAN,	JOHN W. GUNN,
CHAS. THOMSON JONES,	ROBERT R. HALL,
BENJ. R. CASKEY,	EDWARD W. PATTON.

## RESOLUTION

To discharge the Committee on Police from the consideration of a petition for a change in the ordinance providing for the driving of cattle through the streets of the City.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the Committee on Police be discharged from the further consideration of a petition for a change in the ordinance providing for the driving of cattle through the streets of the City, so far as the same relates to the Twenty-fourth Ward.

## APPENDIX No. 267.

## RESOLUTION

Of instruction relative to the opening of Fifteenth street.

*Resolved by the Select and Common Councils of the City of Philadelphia,* That the Chief Commissioner of Highways be authorized to enforce the provisions of the resolution approved July 19, 1869, entitled "Resolution relative to the opening of Fifteenth street, from Carpenter street to Washington avenue."

## APPENDIX No. 268.

MAYOR'S OFFICE,

*Philadelphia, June 20, 1878.*

To the Common Council of the  
City of Philadelphia.

GENTLEMEN:—I herewith return "An Ordinance to repeal an ordinance relative to contracts for street paving," pursuant to your resolution of request. I am,

Respectfully,

W. S. STOKLEY,  
*Mayor.*

## APPENDIX No. 269.

## RESOLUTION

Of request to the Sub-Committee of the Joint Committees of Water and Finance.

*Whereas*, A proposition has been made by the Lehigh Zinc Company to furnish an engine calculated to pump such a quantity of water as would greatly relieve the present want of the City.

*And whereas*, The Sub-Committee of the Joint Committees of Water and Finance feel that under the reference to them, they are not at liberty to consider any proposition, other than one such as that made by Messrs. Cramp & Sons, and cannot accept or consider any bid or offer for the purchase of an engine and pump.

*Therefore resolved by Common Council*, That the said Sub-Committee be, and is, hereby requested to receive and consider the proposition made by the Lehigh Zinc Company, and that permission be given to the said Company to make their sealed offer to furnish such a pump as aforesaid, and that said offer be received and opened as the other offers before the Committee.
